

December 11, 2024

Dear Midtown Community Member,

Thank you for your continued commitment to shaping the future of our Midtown community. Your voices have been instrumental in the development of the new 10-Year Service and Improvement Plan and Assessment Plan, and we want to share an important update with you.

Based on the valuable feedback we have received from many of you, including concerns about public safety, economic development, and other vital issues, we recognize that more time is needed to refine the plan. We are committed to ensuring this plan reflects the priorities and needs of our community.

As a result, the Public Hearing for the assessment, originally scheduled for Wednesday, December 18, 2024, has been postponed. This additional time will allow us to make thoughtful adjustments to budgets and programs based on your input and the shared vision for Midtown.

Our commitment is to work alongside you to make Midtown the best community in Houston. A new date for the Public Hearing will be announced in early 2025, and we will notify you via U.S. Mail and other channels to ensure you have ample time to participate.

Thank you for your active involvement and collaboration. Together, we can build a stronger, safer, and more vibrant Midtown.

Sincerely,

DocuSigned by:
