INDEPENDENT AUDITORS' REPORT

Board of Directors Midtown Redevelopment Authority Houston, Texas

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of Midtown Redevelopment Authority (the Authority), a component unit of the City of Houston, Texas, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities and each major fund of Midtown Redevelopment Authority, as of June 30, 2017, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4-13 and 37-38 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The schedule of operating expenses and capital expenditures for the year ended June 30, 2017, the schedule of estimated project costs to actual costs for the period from December 29, 1995 (date of inception) through June 30, 2017, the schedule of properties held – land held for resale, and the schedule of capital assets, on pages 39 through 54, are presented for purposes of additional analysis and are not a required part of the basic financial statements. These schedules have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 28, 2017 on our consideration of Midtown Redevelopment Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Midtown Redevelopment Authority's internal control over financial reporting and compliance.

September 28, 2017

Can, Rigge & Ingram, L.L.C.

Houston, Texas

This discussion and analysis of Midtown Redevelopment Authority's (the Authority) financial statements provides an overview of the Authority's financial performance during the years ended June 30, 2017 and 2016. This discussion and analysis includes comparative data for the year ended June 30, 2017 with the year ended June 30, 2016 and a brief explanation for significant changes between fiscal years. Since the Management's Discussion and Analysis is designed to focus on current activities, resulting changes and current known facts, please read in conjunction with the Authority's basic financial statements and the notes to the financial statements.

FINANCIAL HIGHLIGHTS

- Upon creation of the Tax Increment Reinvestment Zone Number Two (Midtown TIRZ or Zone) in 1995, and the first annexation of land in 1999, the appraised value for real property located within the Zone was \$211,775,890. The preliminary appraised value for tax year 2017 (collectible fiscal year 2018) is \$2,197,733,211 with a preliminary taxable value of \$2,149,593,844 (net of exemptions).
- Section 42.25116(b)(3) of the Texas Education Code provides for the Texas Education Agency to pay additional funds to school districts participating in tax increment reinvestment zones in an amount equal to the difference between (1) the tax levies collected on the district's maintenance and operations tax rate for 2006 and each year thereafter and (2) the levies that would have been collected at the district's 2005 maintenance and operations rate for each subsequent year (Pass Through Funds). In fiscal year 2017, the City of Houston (the City) received the Pass-Through Funds for tax year 2015, which totaled \$3,338,118. After the educational set aside component was satisfied the balance of the funds were placed in the Authority's Affordable Housing Increment Account in the amount of \$1,112,706, of which 19% went to fund affordable housing for Harris County.
- The Authority issued \$39,310,000 of Tax Increment Contract Revenue and Refunding Bonds (the Series 2017 Bonds) on January 11, 2017 (fiscal year 2017). The proceeds of Series 2017 Bonds will be used in accordance with the Authority's Project Plan for (1) defeasing and refunding outstanding bonds; (2) financing certain project costs related to streets, infrastructure and streetscapes, and greenspace and park improvements, including a public parking structure; (3) funding affordable housing; (4) funding the Reserve Requirement of the Debt Service Reserve Fund; and (5) paying costs of issuance. This is the eighth bond sale for the Authority. The bonds are rated "A" (Stable Outlook) by Standard & Poor's Rating Services and "A2" by Moody's Investors Service.
- On July 1, 2015, the Authority entered into an Operating Agreement (the Operating Agreement) with Midtown Improvement and Development Corporation (MIDCorp) as a third party contractor to operate, manage, maintain and preserve certain park facilities pursuant to the terms of an Operating Agreement. The park facilities include Bagby Park, Midtown Park and the parking facilities constructed under Midtown Park. Under the Operating Agreement and in performance of MIDCorp's obligations, the Authority has agreed to pay an "Annual Management Fee" of \$250,000 per year in each of the first two years, then in each year thereafter, an amount not to exceed \$500,000 based on MIDCorp's annual operating budget. If in any fiscal year MIDCorp collects revenues in excess of the amount required for operations, as further described in the Operating Agreement, and less the Annual Management Fee such excess amounts shall be credited towards the Annual Management Fee for the following fiscal year. Additionally, the Authority has agreed to pay to MIDCorp an amount equal to \$50,000 to be applied to a Renewal and Replacement Fund. The Authority budgeted in Fiscal Year 2017 approximately \$1,017,819 for the operations of the Zone.

- In January 2017, the Authority approved an Amended 2017 Municipal Service Cost Agreement with the City. Pursuant to that Agreement, the Authority remitted \$781,263 to the City in June 2017 for the purposes of reimbursing the City for increased public safety services within the Zone. This agreement is anticipated to automatically renew annually at amounts to be determined pursuant to the adopted budget. In addition to the amount of Municipal Service Costs line item shown in the fiscal year 2017 budget, the Zone and the Authority may pay to the Midtown Management District (the District), pursuant to an Interlocal Agreement, all or a portion of the Public Safety line item portion of the Incremental Service Costs. These costs are for certain services within the District, such as homeless initiatives, private security services, clean-up and trash/debris removal, public safety education and coordination services and Public Intoxications Transport services. The Authority spent \$159,000 in fiscal year 2017 on these services.
- In fiscal year 2010, the Authority and Houston Community College System (HCCS) entered into an Interlocal Agreement relating to, among other things, HCCS's participation in the Zone and the Authority's agreement to allocate certain of these funds for public improvements, including the Authority's contribution of up to \$5 million toward the design and construction of sidewalk and streetscape improvements for certain blocks near the HCCS central campus within the District. The three HCCS projects are Holman Street (Academic Walk), Caroline Street from Elgin to Holman and Alabama Street (not yet scheduled), each of which are major pedestrian corridors with connections to the light rail transit system and HCCS's main campus. The Holman Project is expected to be completed in 2017 and cost approximately \$5.4 million. The Caroline Street Project is projected to cost approximately \$13 million, of which the Authority has to date invested approximately \$8.5 million, and \$4 million of which will be funded by a Texas Department of Transportation grant. The balance of the costs will be funded by funds on hand. Construction is expected to begin in late 2017.
- The Authority was awarded Federal Transit Administration (FTA) grant funds for the Holman Street Project in the amount of \$1.6 million and \$2.7 million for its Main Street Project. In fiscal year 2017, the Authority incurred and requested reimbursement from FTA totaling \$982,264 for the balance of the Holman Street construction project. Construction began on the Main Street Project in July 2016 for approximately \$8.4 million, of which the Authority requested reimbursement in the amount of \$1,309,542 in fiscal year 2017.
- The Authority continued to fulfill its obligation to provide affordable housing by adopting an affordable housing strategy to assemble land within a targeted area of the City and to develop affordable housing units on such land. In fiscal year 2017, pursuant to its affordable housing land banking program, the Authority acquired approximately 21 acres of land for approximately \$8.9 million in an area adjacent to Midtown and the central business district called "Third Ward". The Authority has, to date, purchased approximately 137.7 acres of property in Third Ward at a cost of approximately \$48.6 million. The Authority partners with not-for-profit and for-profit developers to stimulate affordable housing in the area, based on current market demands. As of June 2017, the Authority has acquired a number of land parcels that are ideal for Transit Oriented Development (TOD). On March 25, 2016, the Board of the Authority approved a Grant Agreement with The Center for Civic and Public Policy Improvement (CCPPI) to create a comprehensive plan for affordable housing in the targeted area, including the expansion of affordable housing and related community services and infrastructure enhancements and the sustainable funding mechanisms to support them. During fiscal year 2017, HBDI constructed and sold 5 single family affordable homes and the Authority continued granting lots to EPIC Homes and Mayberry Homes for the construction of single family affordable homes. In March 2016, the Authority agreed to sell to HOU Homes a 62,500 square feet tract of land located at 2002 Live Oak, Houston, TX 77004 for a pilot project of 31 single family townhomes priced from \$170,000 to \$200,000. In connection with the project, the

Authority agreed to reimburse HOU Homes for certain site preparation and infrastructure costs and a certain amount for each townhouse unit sold to qualified buyers. Construction on the pilot project began in April 2017. In October 2016 the Authority's Board approved a Grant Agreement with Habitat for Humanity to grant them property at 0 Schroeder Street for construction of no fewer than 6 affordable homes for a project called "Super Build 51."

- Midtown Park (formerly known as SuperBlock), an approximately 3 acre space that includes a mixed-use development highlighted by a signature urban park including restaurant/retail space and an underground parking garage, has become the focal point for the Midtown area and is expected be the catalyst for additional development along the Main Street Corridor. To accomplish the development of the park, the Authority entered into agreements with Camden Property Trust to construct a 400 space underground parking garage at an approximate cost of \$20 million and Millis Construction to complete construction of Midtown Park itself. Construction was substantially completed by January 2017, allowing the staff to program the park for Super Bowl 2017 activities with DJs, bands, games, food trucks, video gaming zone and NFL sanctioned events.
- In August 2016, the Authority entered into a contract for the construction of 3 Entry Portals located at Elgin at Brazos, Webster at West Gray and Brazos at Hwy 45 exit ramp for an approximate amount of \$1.5 million. The Entry Portal located at Elgin and Brazos Streets will consist of new plantings, irrigation and decorative lighting. The Entry Portal at Brazos Street and Highway 45 will include creating large berms, decorative lighting, plantings and irrigation. The final Entry Portal at Webster and W. Gray will include landscaping and a lighted steel accent wall.
- On December 30, 2016, the Authority sold its property located at 3300 Main Street to PM Realty in the amount of approximately \$6.3 million. The old building was demolished by the purchaser in October 2016 as part of the purchase contract. The 3300 Main Street property was collateral for financing of 2805 Travis, which became part of Midtown Park. With the sale of the Main Street property, the loan to Camden Property Trust for 2805 Travis in the amount of \$3,395,000 was paid in full.
- The Authority entered into a contract in August 2016 with FordMomentum for a Community Outreach and Engagement Assessment. FordMomentum conducted interviews with key informants from the community, which helped to draft questions for a district-wide survey. The results from the survey, which ran for approximately three months, included respondents' communication preferences, priorities, organizational literacy, demographics and satisfaction. Currently the Authority is addressing these findings by creating an information highway, standardizing the contact form on the website, and increasing internal staff training.
- The Authority's Board approved participation in and funded \$50,000 of improvements to a Spark School Program Park; located at the corner of Elgin and Chenevert. The Spark Park improvements include playground equipment, fitness equipment and a basketball court that will be accessible to residents in the area.
- On November 1, 2016, the Authority's Board authorized a \$50,000 Grant Agreement with Crime Stoppers
 towards the construction of the first ever Crime Stoppers facility in the nation. The grant funds will be
 used for the development, acquisition, construction and operation of the Crime Stopper's cultural facility
 and rotating art exhibit located at 3001 Main Street in the Midtown District.

• At the June 25, 2015 Board of Directors meeting the Authority approved the First Amendment of the Cultural Facilities Grant to the Midtown Arts & Theater Center Houston (MATCH). The amendment grants MATCH an additional \$300,000 in grant funding for a total aggregate amount not to exceed \$1,000,000, which will be payable in seven increments, a portion of which is contingent on the closing of the sale of property located at 3300 Main, Houston, Texas. The Authority is current with its commitment to MATCH of the initial \$400,000 payment and \$100,000 payments in 2015, 2016 and 2017.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Authority's basic financial statements. According to the definition in the Governmental Accounting Standards Board, the Authority qualifies as a special purpose government with one program - redevelopment of Midtown.

Government-wide statements report information about the Authority as a whole using accounting methods similar to those used in private-sector companies. The Statement of Net Position includes all of the Authority's assets and liabilities, with the difference between assets and liabilities presented as net position. Over time, increases or decreases in the Authority's net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating. All of the current year's revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid. The fund financial statements report information about the Authority on the modified accrual basis, which only accounts for revenues that are measurable and available within the current period or soon enough thereafter to pay liabilities of the current period. Adjustments are provided to reconcile the government-wide statements to the fund statements. Explanations for the reconciling items are provided as part of the financial statements.

Statement of Net Position

The Statement of Net Position includes all assets and liabilities using the accrual basis of accounting. The following table reflects condensed information (rounded to the nearest thousand) on the Authority's net position at June 30:

	2017	2016
Assets		
Cash, cash equivalents and investments	\$ 50,716,000	\$ 41,527,000
Tax increment receivables	15,793,000	1,116,000
Other receivables	2,134,000	1,292,000
Property held for resale	48,422,000	46,013,000
Capital assets, net	56,741,000	41,075,000
Total assets	173,806,000	131,023,000

	2017	2016
Liabilities		_
Accounts, interest and retainage payable	\$ 8,025,000	\$ 5,723,000
Loans and bonds payable – current	23,669,000	8,133,000
Loans and bonds payable – long-term	101,813,000	81,033,000
Total liabilities	133,507,000	94,889,000
Net position		
Invested in capital assets, net of		
related debt	30,143,000	12,765,000
Restricted	103,658,000	61,452,000
Unrestricted (deficit)	(93,502,000)	(38,083,000)
Total net position	\$ 40,299,000	\$ 36,134,000

Trust and operating cash accounts are invested in money market funds and local government investment pools (TexSTAR and LOGIC). All investments are stated at market value or amortized cost and are allowable under the Authority's investment policy and the Public Funds Investment Act.

Tax increments are based on calendar year taxes which are then received the next fiscal year. Tax increments or receivables at June 30 were due to the Authority from the following:

	2017	2016
	4	
Houston Community College System (HCCS)	\$ 1,323,000	5 1,116,000
Houston Independent School District (HISD)	8,312,000	-
Harris County, Texas (the County)	6,158,000	
Total tax increment receivables	\$ 15,793,000 \$	5 1,116,000

The Authority received tax increments outstanding at June 30, 2016 in September 2016. The Authority received tax increments outstanding at June 30, 2017, in July and August 2017. All tax increments have been collected.

Other receivables include amounts due from other entities under memos of understanding for reimbursement of shared services, federal grantors, and the Houston Technology Center. The increase from 2016 of approximately \$843,000 is related to amounts due from the Federal Transit Administration for reimbursement of costs related to the Main Street project.

The net increase in property held for resale relates to the Authority's affordable housing land banking program in the Third Ward. During fiscal year 2017, the Authority purchased approximately \$9 million in land which is restricted for affordable housing and sold/granted several properties with a cost of approximately \$1.2 million. In addition, during 2017 the Authority sold 3300 Main with a cost of approximately \$5.1 million. The net impact of these transactions was an increase to land held for resale of approximately \$2.6 million.

The increase in capital assets net, relates to the Authority's continued construction on Midtown Park and Garage which had additions of approximately \$16.1 million in fiscal year 2017. The Authority's total long-term debt also had a net increase in fiscal year 2017 of approximately \$36 million as a result of the issuance of \$39.3 million in bonds and repayments of loans totaling \$3.5 million. See Capital Assets and Debt Administration for more information related to the Authority's capital asset and long-term debt activities.

Unrestricted net position represents that which can be used to finance day-to-day operations without the constraints established by debt covenants, enabling legislation, or other legal requirements. At June 30, 2017 and 2016, the Authority has an unrestricted deficit of \$93.4 million and \$38 million, respectively. The deficit occurs by the Authority using bond funds and loans to pay for eligible project plan costs in current years in anticipation of receiving tax increments in future years. The Authority had net position restricted for debt service in the amount of \$21.1 million and \$15.7 million at June 30, 2017 and 2016, respectively; net position restricted for affordable housing in the amount of \$62.3 million and \$45.6 million at June 30, 2017 and 2016, respectively; and net position restricted for capital projects in the amount of \$20.2 million and \$167,000 at June 30, 2017 and 2016, respectively. The majority of the Authority's net position restricted for affordable housing is invested in land held for resale totaling \$48.4 million and \$40.8 million at June 30, 2017 and 2016, respectively.

Statement of Activities

The Statement of Activities presents the operating results of the Authority. The following table reflects condensed information (rounded to the nearest thousand) on the Authority's operations for the years ended June 30:

	2017	2016
Revenues		
Tax increments	\$ 26,803,000	\$ 23,892,000
Investment and other income	2,885,000	1,300,000
Total revenues	29,688,000	25,192,000
Expenses		
Current	3,008,000	2,976,000
Debt service	5,132,000	3,295,000
Capital outlay	17,383,000	8,358,000
Total expenses	25,523,000	14,629,000
Change in net position	4,165,000	10,563,000
Net position - beginning of year	36,134,000	25,571,000
Net position - end of year	\$ 40,299,000	\$ 36,134,000

The City, Harris County and Harris County Flood Control District (collectively the County) and HISD have agreed, subject to certain limitations, to deposit to the Tax Increment Fund established for the Authority, a certain percentage of tax collections arising from their respective taxation of the increase, if any, in the appraised value of real property located in the Zone since a designated base year. The base year for the

original Zone is 1995, and the base year for the annexed area is 1999. HCCS began contributing to the Tax Increment Fund in 2009 (tax year 2008) upon execution of the Interlocal Agreement between the Authority, the Zone, HCCS and the City. The City remits tax increments collected by the City, County, HISD and HCCS on an annual basis. Tax increments continue to increase each year as the overall appraised value of properties within the Zone increase.

Other income includes amounts received from Federal grantors as well as amounts received from other entities as reimbursement under management agreements, lease agreements and interlocal agreements. The amounts will fluctuate annually based on current Federal grants awarded and other agreements entered into by the Authority.

Capital projects, including property purchased and held for resale, funded from bond proceeds and tax increments totaled 66% and 67% of total expenses in fiscal year 2017 and 2016, respectively. More detailed information about the Authority's capital projects is presented in the other information – Schedule of Operating Expenses and Capital Expenditures.

GOVERNMENTAL FUNDS

At the end of the current fiscal year, the Authority's governmental funds reported combined ending fund balances of approximately \$113.3 million, which is approximately \$28.4 million more than the prior fiscal year primarily due to the issuance of the Series 2017 bonds. Approximately 43% of the fund balance, or \$48 million, is invested in property held and developed by the Authority or which is being held for resale and is considered non-spendable. Approximately 22% of the fund balances, or \$24.5 million, is committed or restricted by bonds to various capital projects and development agreements entered into by the Authority. Approximately 4% of the fund balances, or \$4.9 million is assigned or available for spending at the government's discretion provided expenditures are allowable by the Authority's project plan and other legal authorities. The remainder of the fund balance is restricted to indicate that it is committed to pay debt service (approximately \$21.2 million), and to affordable housing (approximately \$13.9 million).

CAPITAL ASSETS

As of June 30, 2017, the Authority had approximately \$56.7 million, net of accumulated depreciation, invested in a broad range of capital assets including land, land improvements, buildings and furniture and equipment.

During 2017, the Authority neared completion of the construction of SuperBlock park (now Midtown Park) and the parking garage at Midtown Park. More detailed information about the Authority's capital assets is presented in the notes to the basic financial statements.

DEBT ADMINISTRATION

In January 2017, the Authority issued Tax Increment Contract Revenue Refunding Bonds, Series 2017 (Series 2017) in the aggregate principal amount of \$39,310,000. Proceeds from the Series 2017 Bonds were used for the purposes of partially defeasing and refunding Series 2011 bonds in order to restructure and align debt service; funding the reserve requirement of debt service reserve fund; paying costs of issuance; financing certain project costs; and funding affordable housing.

As of June 30, 2017 and 2016, the Authority has four series of Tax Increment Contract Revenue Bonds totaling \$99,750,000 and \$66,275,000, respectively. A debt service reserve fund in the amount of \$7,943,687 has been established based on an amount equivalent to the estimated annual debt service with the inclusion of Series 2011, 2013, 2015 and 2017 bonds.

During 2017 the Authority was advanced \$2,310,274 under a loan agreement with a Developer for the construction of the parking garage at Midtown Park. Total loans outstanding at June 30, 2017 were \$19,241,704.

The City limits the amount of debt that the Authority may incur. The current debt limitation that the City has approved for the Authority is \$98 million for the issuance of bonds and \$6 million for the issuance of notes, which are secured by tax increments paid by the City to the Authority pursuant to the Tri-Party Agreement.

Additional information on the Authority's long term debt can be found in the notes to the basic financial statements.

GENERAL FUND BUDGETARY HIGHLIGHTS

The fiscal year 2017 budget was approved by the City for the Authority. The Authority's annual budget was not amended during the year. Actual tax increments recorded by the Authority will be less than budgeted revenues each year because the Authority's adopted budget is based on gross tax increments to be remitted to the Zone. Included in the approved fiscal year 2017 budget was approximately \$5 million of tax increments for educational facilities, \$1 million for affordable housing transfer to the County and \$808,000 for administrative fees which are budgeted as other interfund transfers. These funds are withheld by the City and paid directly to the City or paid back to HISD and to the County.

FUTURE PROJECTS

At its June 2016 meeting, the Authority approved Development Agreements with Morgan Group Brazos/Rosalie, LLC for its Pearl Residences and Pearl Rosemont projects, in the respective amounts of \$3,800,000 and \$1,400,000, for reimbursable public right of way improvements. The Pearl Residences will consist of approximately 263 residential units above a 40,000 square foot Whole Foods Market grocery store with 2 levels of underground parking. The Pearl Rosemont will consist of a 153 unit residential apartment. These expenses are anticipated to be budgeted in fiscal year 2020 and 2021.

The Authority continues to plan future capital improvement projects throughout the Zone consisting of street reconstruction and overlays, public right of way improvements, parkland acquisitions, and utility upgrades. The Authority's Board authorized design contracts with Walter P. Moore, Design Workshop and IDS Engineering for Parks and Open Spaces, Mobility and Pedestrian Improvements and Brazos Street Reconstruction.

Efforts continue to solicit grants from the Federal Transit Administration, The Texas Commission on the Arts, Houston Galveston Area Council and Texas Department of Transportation to allow the implementation of the capital improvements for large scale public right of way infrastructure, green space improvements, transit oriented development and works of art.

At the May 2017 meeting, a Grant Agreement was approved for the Museum of Fine Arts, Houston for an interactive fountain and reflecting pool along with related waterline replacement for an amount not to exceed \$1,600,000. It is expected this Grant will be budgeted in the amounts \$750,000 and \$850,000, respectfully, in fiscal years 2020 and 2021.

Affordable housing land banking acquisitions will continue as the Authority works to execute its affordable housing strategy to stabilize the historic urban neighborhood of Third Ward. The Authority, with assistance from CCPPI, continues to advance different programs and plans to stimulate and preserve the development of affordable housing in the area.

The Board has authorized its attorneys to draft a Development Agreement with Mid-Main Lofts for public right of way improvements for a reimbursement amount not to exceed \$215,026 for their project along Travis and Winbern Streets. Mid-Main Loft is a mixed use project with residential apartments, retail space and parking garage. The project's public improvements include landscaping, benches, trash receptacles, bike racks and irrigation.

The Authority's budget for fiscal year 2018 has not been approved by the City's City Council; therefore the Authority will continue to operate under its approved budget for fiscal year 2017 pursuant to Section VI of the Tri-Party Agreement between the City, the Authority and the Zone, which states "In the event that the Zone Board or the City Council fails or refuses to approve the proposed Budget of the Authority for the ensuing year by July 1 of that year, the Authority may continue to operate on the Budget for the previous fiscal year for a period not to exceed twelve (12) months." When approved, the fiscal year 2018 budget will include the design and implementation of capital improvement projects, affordable housing projects and land banking, administration costs and the Municipal Service Fee. For fiscal year 2018 the City has requested, and the Authority budgeted, a Municipal Service Fee for incremental service to the City of Houston in the amount of \$781,263 with an additional \$492,737 of funds that will be used at the Authority's recommendation for quality of life, homelessness and safety issues within the Zone.

resources are not reported as revenues in the funds	(1,149,912)
Some expenses reported in the statement of activities do not require the use of current	
financial resources and, therefore, are not reported as expenditures in governmental funds	80,820

NOTE 1: DESCRIPTION OF ORGANIZATION

Midtown Redevelopment Authority (the Authority) is a public not-for-profit local government corporation, incorporated July 11, 1995 under the laws of the State of Texas, and operating under Chapter 431, Texas Transportation Code. The Authority was authorized by the City of Houston (the City) on June 28, 1995 to aid, assist and act on the behalf of the City in the performance of the City's obligations with respect to Reinvestment Zone Number Two, City of Houston, Texas (Midtown TIRZ or Zone).

City of Houston Reinvestment Zone Number Two

Midtown TIRZ was created on December 14, 1994, under Chapter 311, Texas Tax Code (TIF Act), by the City, as a tax incremental reinvestment zone (TIRZ). The Midtown TIRZ originally consisted of 356 acres of the area known as Midtown. Of this total, 203 acres were designated for redevelopment during the life of the Midtown TIRZ (original area/Part A). In 1997, the City approved the addition of approximately 108 acres of land contiguous to the original zone (expanded area/Part B). In 1999, the City approved an additional six parcels of land, totaling approximately 153 acres that are contiguous to the original zone (expanded area/Part C) and in 2009, the City approved the enlargement of the Midtown TIRZ to include additional tracts of land immediately adjacent to the existing Zone which designated the Cultural District and the related facilities (expanded area/Part D). Part D consists of publicly owned land and is not presently taxed. Midtown TIRZ is authorized to provide new capital for public works and public improvements in Midtown. Midtown TIRZ provides a source of funding through the tax increments generated by redevelopment of the Midtown area. The area known as Midtown is generally located between the central business district of the City and the Texas Medical Center.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

As required by accounting principles generally accepted in the United States of America, these basic financial statements represent all the funds of the Midtown Redevelopment Authority. The Authority is a component unit of the City of Houston, Texas. Component units are legally separate entities for which the primary government is financially accountable.

Measurement Focus and Basis of Accounting

Government-Wide Financial Statement

The statement of net position and the statement of activities display information about the reporting government as a whole. These statements are prepared on the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all of the Authority's assets, deferred outflows of resources, liabilities, and deferred inflows of resources are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred, regardless of the timing of the related cash flow. Annual assessments are recognized as revenues in the year for which they are levied. Expenses are recorded when liabilities are incurred.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Government-wide statements distinguish between governmental-type and business-type activities. Governmental activities are those financed through taxes, intergovernmental revenues, and other non-exchange revenues and are usually reported in governmental and internal service funds. Business activities are financed in whole or in part through fees charged for goods or services to the general public and are usually reported in proprietary funds. The Authority does not have any business-type activities.

Under the government-wide financial statements, net position is classified into three components as follows:

Invested in Capital Assets, Net of Related Debt - This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by outstanding balances of any bonds, notes or other borrowings.

Restricted - This component of net position consists of that on which constraints have been placed through external constraints imposed by creditors, grantors, contributors, or laws or regulations of other governments or constraints imposed by law through contractual provisions or enabling legislation.

Unrestricted - This component of net position consists of that which does not meet the definition of "Restricted" or "Invested in Capital Assets, Net of Related Debt".

Fund Financial Statements

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a current financial resources measurement focus and have been prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they are "measurable and available"). "Measurable" means the amount of the transaction that can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Authority considers all revenue available if it is collected within 60 days after the year-end. Expenditures are recorded when the related fund liability is incurred as under accrual accounting. However, debt service expenditures as well as expenditures related to claims and judgments are recorded only when payment is due.

Fund Accounting

The Authority uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities. A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The funds the Authority uses are described below:

General Fund - The general fund is the general operating fund of the Authority. It accounts for all activities except those accounted for in other funds.

Infrastructure and Project Fund – The infrastructure and project fund accounts for the construction of Authority capital projects from tax increments.

Capital Projects Fund - The capital projects fund accounts for the construction of Authority projects funded with bond proceeds.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Affordable Housing Fund - The affordable housing fund accounts for the accumulation of financial resources for the payment of affordable housing projects.

Debt Service Fund - The debt service fund accounts for the accumulation of financial resources for the payment of principal and interest on bonds issued by the Authority. Tax increments are used for the payment of principal and interest.

Fund Balance Classification

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the Authority is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

Nonspendable — amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact. The Authority has classified properties held for resale as being nonspendable as these items are not expected to be converted to cash or are not expected to be converted to cash within the next year.

Restricted – amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. Debt service resources are to be used for future servicing of the tax increment contract revenue bonds and are restricted through debt covenants. Capital Projects resources are also restricted through debt covenants and affordable housing resources are restricted both through debt covenants and enabling legislation.

Committed – amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Authority's Board of Directors. These amounts cannot be used for any other purpose unless the Board of Directors removes or changes the specified use by taking the same type of action (resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.

Assigned – This classification includes amounts that are constrained by the Authority's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board of Directors or through the Board of Directors delegating this responsibility to the Authority's Executive Director or through the budgetary process. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund.

Unassigned – This classification includes the residual fund balance for the General Fund.

The Authority would typically use restricted fund balances first, followed by committed resources, and then assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to defer the use of these other classified funds.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Tax Increments and Participation Agreements

The City, Harris County and Harris County Flood Control District (collectively the County), Houston Independent School District (HISD) and Houston Community College System (HCCS) (each a Participant) has agreed to deposit to the Tax Increment Fund established for the Midtown TIRZ (the Tax Increment Fund) a certain percentage of tax collections arising from their taxation of the increase, if any, in the appraised value of real property located in the Midtown TIRZ since January 1, 1995 for the original area and January 1, 1999 for the annexed area (the Tax Increments).

Each Participant is required to collect taxes on real property located within the Midtown TIRZ in the same manner as other taxes are collected by the Participant. The Participant is then required to pay into the Tax Increment Fund the Tax Increments, as agreed upon in accordance with such Participant's agreement with the City and the Midtown TIRZ (collectively, the Participation Agreements) by no later than the 90th day after the delinquency date for the Participant's property taxes. Thus, Tax Increments are due to be deposited in the Tax Increment Fund on May 1. The City has agreed to pay 100% of their Tax Increments to the Increment Fund. The County has agreed to pay 100% of the collected Tax Increment to the Increment Fund, but participates in the original area of the Zone only. The City retains an administrative fee from the tax increments deposited in the Tax Increment Fund.

The County does not include in its Tax Increments taxes collected by the County for the Port of Houston Authority of Harris County, Texas, the Harris County Hospital District, or the Harris County Department of Education, but does include Harris County Flood Control District. HISD has agreed to pay collected Tax Increment arising from the Original Zone based on its then current tax rate and from the annexed areas based on a tax rate of \$0.96 per \$100 of value.

The First Amendment of the interlocal agreement between the City, HISD and the Midtown TIRZ amends HISD participation and provides for provision of tax increment funds for the payment of education facilities project costs due to the annexation of additional area approved by the City of Houston Ordinance No. 1999-849 (annexed area). For the original area the HISD tax increment participation is the amount of taxes collected by HISD each year by levying a tax on property in the original area at the then current tax rate per \$100 valuation of the Captured Appraised Value. One third of the Tax Increment is attributable to affordable housing. Of the remaining two-thirds of the tax increment participation attributable to the original area: (a) beginning in the tax year commencing January 1, 2000, up to \$1,200,000 of taxes collected by HISD by levying a tax at a tax rate of \$0.64 per \$100 valuation on the Captured Appraised Value shall be for the payment of educational facilities project costs, (b) the amount of taxes collected by HISD by levying a tax at a tax rate of \$0.64 per \$100 valuation on the Captured Appraised Value in excess of \$1,200,000 shall be applied to the payment of non-educational facilities project costs, including administrative costs, and school support expenses, and (c) the remaining portion of the HISD tax increment participation attributable to the original area shall be for the payment of educational facilities project costs. HISD tax increment participation in the annexed area is the amount of taxes collected by HISD each year by levying at a tax rate of \$0.96 cents per \$100 of valuation on the Captured Appraised Value. One third of the Tax Increment is attributable for affordable housing, one-third for educational facilities project and one-third for non-educational facilities projects costs, including administrative costs and school support expenses. Under the provisions of the HISD interlocal agreement, taxes collected by HISD in any year on actual Captured Appraised Value that exceeds the estimate of Captured Appraised Value for that year shown in the Project Plan approved before September 1, 1999, shall be retained by HISD.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Beginning with tax year 2008, HCCS began to contribute 100% of the Tax Increments attributable to HCCS into the Tax Increment Fund. HCCS is not obligated to pay Tax Increments from any other source other than taxes collected on the Captured Appraised Value from the portion of taxes levied by HCCS for maintenance and operations. Initially, two-thirds of the HCCS Tax Increment, up to \$5,000,000, will be applied to project costs associated with streetscape improvements to the block faces that are contiguous to HCCS central campus. Thereafter, one-third of the HCCS Tax Increments will be applied to project costs in the general vicinity of HCCS central campus, one-third to any other eligible project costs, and the remaining one-third to affordable housing.

The Authority is dependent upon the Tax Increments. Default by any of the governmental entities involved in the Zone would impact the Authority's ability to repay its outstanding bonds, note and other obligations.

Affordable Housing

The TIF Act under which the Midtown TIRZ presently operates requires that one-third of the Tax Increments be dedicated to providing affordable housing during the term of the Midtown TIRZ. The Authority agreed to this covenant in the Bond Resolution and Tri-Party Agreement and the Authority will continually comply with the requirements in the TIF Act, if any, relating to the provision of affordable housing during the term of the Midtown TIRZ.

The Tri-Party Agreement requires that any portion of the affordable housing component of Tax Increment, including interest, or bond proceeds derived from such increments, paid to the Authority that remains unexpended or uncommitted at the end of twelve months after being received by the Authority will, upon request, be paid to the City for their affordable housing program. Under the amended agreement between the Authority and the County, the County is entitled to 19% of the annual affordable housing reserve, which is due and payable immediately upon the Authority's receipt of the necessary funds.

Cash, Cash Equivalents and Investments

Cash and cash equivalents and investments consist of demand and time deposits, money market investments in U.S. Government Securities, and funds maintained in public funds investment pools.

Investments of the Authority consist of Texas Short Term Asset Reserve Program (TexSTAR) and Local Government Investment Cooperative (LOGIC), both local government investment pools created under the Interlocal Cooperation Act, Chapter 791, Texas Government Code, and the Public Funds Investment Act, Chapter 2256, Texas Government Code. TexSTAR and LOGIC are administered by First Southwest Asset Management, Inc. and JPMorgan Chase Asset Management, Inc. The fair value of TexSTAR and LOGIC is based on quoted market values of the underlying investments of the pool and/or fund. TexSTAR and LOGIC use amortized cost to value portfolio assets and follow the criteria for GASB Statement No. 79 for use of amortized cost.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Due to and Due from Other Funds

Interfund receivable and payables arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed. These receivables and payables are eliminated in the Statement of Net Position.

Property Held for Resale

Property held for resale consists of properties that the Authority has acquired for affordable housing and other properties held for future mixed-use development and are not used in the Authority's operations. The Authority intends to sell, lease or otherwise convey the properties to third parties for future development. Any properties sold, leased or otherwise conveyed by the Authority, related to affordable housing, will have a deed restriction to ensure the properties will be used only for affordable housing.

Capital Assets

In the government-wide financial statements, capital assets are valued at cost, except for donated assets that are recorded at their estimated fair value at the date of donation. Interest during construction is capitalized, if material. Total interest incurred for the year ended June 30, 2017 was \$4,643,814. Of this amount \$749,436 was capitalized as a component of capital assets constructed during the year and \$3,894,378 was charged to expense.

Depreciation of capital assets is computed and recorded by the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: building and improvements, 20 to 35 years; equipment, 3 to 5 years.

In the fund financial statements, fixed assets used in governmental fund operations are accounted for as capital outlay expenditures of the appropriate governmental fund upon acquisition.

Debt and Related Premiums, Discounts, and Issuance Costs

Debt consists of tax increment contract revenue bonds, loans with a financial institution, and loans with a developer.

In the government-wide financial statements, bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

In governmental fund financial statements, bond premiums, discounts and issuance costs are recognized in the current period. The face amount of the debt is reported as other financing sources. Premiums received on debt issuance are reported as other financing sources while discounts are reported as other financing uses. Issuance costs are reported as debt issuance expenditures.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred Inflows of Resources

In addition to liabilities, the governmental funds Balance Sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The Authority has only one type of item, which arises only under the modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, deferred tax increment revenue is only reported in the governmental funds balance sheet. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

Internal Transfers

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and to move unrestricted revenue collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations and actions of the Board of Directors.

Federal Income Tax

The Authority is exempt from Federal income taxes under section 501(a) as an organization described in Section 501(c) 3 of the Internal Revenue Code. Furthermore, the Internal Revenue Service has ruled that the Authority is a publicly-supported organization and is not a private foundation. Under the provisions of Internal Revenue Procedure 95-48, the Authority is not required to file public information returns on Form 990.

Use of Estimates

The preparation of the Authority's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Authority's management to make estimates and assumptions that affect the amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates. The Authority's management believes these estimates and assumptions provide a reasonable basis for the fair presentation of the financial statements.

NOTE 3: AUTHORIZED INVESTMENTS

The Board of Directors has adopted and continues to amend and/or ratify annually a written investment policy regarding the investments of its funds as defined in the Public Funds Investment Act of 1997 (Chapter 2256, Texas Government Code). Such investments include (1) obligations of the United States or its agencies; (2) direct obligations of the State of Texas or its agencies; (3) other obligations, the principal and interest of which are unconditionally guaranteed or insured by or backed by the full faith and credit of the State of Texas or the United States or their respective agencies; (4) certificates of deposit; (5) local government investment pools; and (6) various other items that comply with the Public Funds Investment Act.

NOTE 4: DEPOSITS AND INVESTMENTS

Custodial credit risk for deposits with financial institutions is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. At June 30, 2017, the carrying amount of the Authority's deposits was \$12,518,068 and the bank balances totaled \$14,931,754. The Authority's deposits in excess of FDIC insurance totaling \$3,801,359 were adequately collateralized. Cash deposits totaling \$10,880,417, which approximate fair value, represent money market investments in U.S. Government Securities. In addition, the Authority held \$38,198,217 in investment pools at June 30, 2017, which mature in less than one year.

Interest rate risk is the risk that changes in the interest rates will adversely affect the fair value of an investment. In accordance with the Authority's Investment Policy, the Authority limits its exposure to interest rate risk by structuring its portfolio to provide safety and liquidity of funds while maximizing yields for operating funds not immediately needed. The investment policy limits the maximum maturity of any investment to three (3) years.

Concentration of credit risk is the risk of loss attributed to the magnitude of investment in a single issuer. The Authority's investment policy does not limit the amount of funds that may be invested in any authorized investment.

Investments that are obligations of or guaranteed by the U.S. Government do not require disclosure of credit quality. The Authority's investment in the TexSTAR and LOGIC fund is rated AAA by Standard and Poor's and maintains a weighted average maturity of 60 days or less, with a maximum weighted average maturity of 13 months for any individual security. The Authority considers the investments in TexSTAR and LOGIC to have maturities of less than one year due the fact the share position can usually be redeemed each day at the discretion of the Authority, unless there has been a significant change in value.

NOTE 5: RESTRICTED ASSETS

Certain amounts of cash, cash equivalents and investments are restricted by revenue bond ordinances or enabling legislation. A summary of these restricted assets at June 30, 2017 are as follows:

	Cash		
	and Cash		
	Equivalents	Investments	Total
Trustee funds			_
Debt service	\$ 10,864,953	\$ -	\$ 10,864,953

All property and equipment purchased by the Authority shall be the property of the Authority until the Zone is terminated. If the infrastructure is integrated in and used as a part of the City's infrastructure, it may be conveyed to the City.

NOTE 7: LOANS PAYABLE

A summary of changes in the Authority's loans payable follows:

Balance at July 1, 2016	\$ 20,428,606
Additions	2,310,826
Retirements	(3,497,728)
Balance at June 30, 2017	\$ 19,241,704
	_
Current Portion, long-term Debt	\$ 17,863,544

NOTE 7: LOANS PAYABLE (Continued)

In November 2013, and amended in March 2017, the Authority entered into a Development Agreement with 2800 Main, L.L.C. (the Developer) for reimbursement of up to \$19 million of eligible project costs related to the Garage Structure for Midtown Park. Commencement of construction began in April 2015 and completion of the project is anticipated to occur by early 2018. During the period from the commencement of construction through completion, interest on each developer advance shall accrue at an interest rate of 4% per annum from the date of the advance and is payable on January 1 and July 1 in accordance with the terms of the agreement. Upon completion of the Garage Structure, reimbursement to the Developer will begin on October 1 of the year following completion and is payable over a period of 13 years. The interest rate increases to 7% per annum after the date of completion until full repayment is made on the advance. Reimbursement to the Developer will be made from available tax increments as defined in the agreement. As of June 30, 2017, advances totaled \$17,760,642 and have been included as a loan payable in the Statement of Net Assets. Advances made during the year ended June 30, 2017 of \$2,310,826 have been included as other financing sources in the Infrastructure and Project Fund.

In September 2013, the Authority refinanced a \$1,843,593 loan with a bank which was originally used to purchase the Houston Museum of African American Culture land and building. The refinanced loan bears interest at 4.0%, requires monthly principal and interest payments totaling \$13,690 and matures September 30, 2020. A balloon payment of \$1,127,681 is payable at maturity. The loan is secured by 4807 Caroline Street property. At June 30, 2017, the outstanding balance on the loan totaled \$1,480,062.

In September 2012, the Authority purchased property for the development of a park for \$3,395,000. The Authority financed the acquisition with a promissory note with a Developer. This note was paid off in December 2016.

Future minimum payments as of June 30 are as follows:

Fiscal Year Ending	
2017	\$ 17,863,544
2018	111,458
2019	115,999
2020	1,150,703
Total	\$ 19,241,704

NOTE 8: TAX INCREMENT CONTRACT REVENUE BONDS

A summary of changes in tax increment contract revenue bonds follows:

Balance at July 1, 2016	\$ 66,275,000
Additions	39,310,000
Retirements	(5,835,000)
Balance at June 30, 2017	\$ 99,750,000
Current portion, long-term debt	\$ 5,805,000

Tax Increment Revenue Bonds at June 30, 2017 consist of the following:

	Outstanding
Date Series Issued	Balance
2011	\$ 20,465,000
2013	27,470,000
2015	12,505,000
2017	39,310,000
Total principal payable	99,750,000
Unamortized premium and discount, net	6,490,085
Total bonds payable	\$106,240,085

In August, 2011, the Authority issued Tax Increment Contract Revenue and Refunding Bonds Series 2011 (the 2011 Bonds) in the aggregate principal amount of \$33,130,000. The refunding was undertaken to reduce total debt service payments over the next 10 years by \$1,329,304 and resulted in an economic gain of \$1,046,155. The 2011 Bonds mature serially January 1, in each year 2012 through 2033. The 2011 Bonds are callable in whole or in part any date beginning January 1, 2021 at par. The 2011 Bonds bear interest between 2.0% and 5.375% annually and have semi-annual interest payments due on January 1 and July 1 as follows:

NOTE 8: TAX INCREMENT CONTRACT REVENUE BONDS (Continued)

Fiscal Year	Principal Interest		Total
2018	\$ 1,995,000 \$	1,005,325	\$ 3,000,325
2019	2,110,000	893,888	3,003,888

Total	\$ 20,465,000 \$	7,640,184	\$ 28,105,184

In November 2013, the Authority issued Tax Increment Contract Revenue and Refunding Bonds Series 2013 (the 2013 Bonds) in the aggregate principal amount of \$32,280,000. The 2013 Bonds mature serially January 1, in each year 2015 through 2033. The 2013 Bonds are callable in whole or in part any date beginning January 1, 2032 at par. The 2013 Bonds bear interest between 2.0% and 5.0% annually and have semi-annual interest payments due on January 1 and July 1 as follows:

Fiscal Year	Principal	Interest	Total
2018	\$ 2,020,000	\$ 1,383,869	\$ 3,403,869
2019	2,125,000	1,282,869	3,407,869
2020	1,335,000	1,176,619	2,511,619
2021	15,000	1,109,869	1,124,869
2022	50,000	1,109,419	1,159,419
2023-2027	4,785,000	5,431,300	10,216,300
2028-2032	13,910,000	3,033,976	16,943,976
2033	3,230,000	161,500	3,391,500
Total	\$ 27,470,000	\$ 14,689,421	\$ 42,159,421

In January 2015, the Authority issued Tax Increment Contract Revenue Refunding Bonds Series 2015 (the 2015 Bonds) in the aggregate principal amount of \$13,705,000. The refunding was undertaken to refund the Tax Increment Contract Revenue Bonds Series 2005 (Series 2005) that was partially refunded with Series 2013 bonds as of June 30, 2014. Debt service on the refunded bonds of Series 2005 was paid in full on January 2, 2015. The Authority achieved a cash flow savings and an economic gain of \$1,332,618 as a result of the refunding.

The 2015 Bonds mature serially January 1, in each year 2016 through 2025. The 2015 Bonds are callable in whole or in part any date beginning January 1, 2025 at par. The 2015 Bonds bear interest between 2.0% and 5.0% annually and have semi-annual interest payments due on January 1 and July 1 as follows:

NOTE 8: TAX INCREMENT CONTRACT REVENUE BONDS (Continued)

Fiscal Year	Р	rincipal	pal Interest		Total

Total	\$ 12	2,505,000	\$	2,846,628	\$	15,351,628

In January 2017, the Authority issued Tax Increment Contract Revenue Refunding Bonds Series 2017 (the 2017 Bonds) in the aggregate principal amount of \$39,310,000. The refunding was undertaken to obtain new money and partially refund the Tax Increment Contract Revenue Bonds Series 2011 (Series 2011). The Authority achieved a cash flow savings and an economic gain of \$42,201 as a result of the refunding.

The 2017 Bonds mature serially January 1, in each year 2018 through 2038. The 2017 Bonds are callable in whole or in part any date beginning January 1, 2034 at par. The 2017 Bonds bear interest between 3.0% and 5.0% annually and have semi-annual interest payments due on January 1 and July 1 as follows:

Fiscal Year	Principal Interest		Total
2018	\$ 1,185,000	\$ 1,744,899	\$ 2,929,899
2019	1,065,000	1,862,225	2,927,225
2020	-	1,819,625	1,819,625

2028-2032	2,450,000	7,678,425	10,128,425
2033-2037	23,320,000	5,680,075	29,000,075
2038	6,425,000	321,250	6,746,250
Total	\$ 39,310,000	\$ 31,162,804	\$ 70,472,804

Defeased Debt

Certain outstanding revenue and refunding bonds of the Authority have been defeased by placing the proceeds of refunding bonds in irrevocable escrow accounts held and managed by bank trustees, and invested in U.S. Treasury obligations, the principal and interest on which would provide amounts sufficient to pay the principal and interest on the defeased bonds in accordance with the schedule of remaining payments due. Accordingly, the escrow account and the defeased bonds are not included in the Authority's government-wide financial statements. The defeased bonds outstanding at June 30, 2017 considered extinguished related to the Series 2011 bonds and totaled \$1,200,000.

NOTE 9: FUND BALANCES – GOVERNMENTAL FUNDS

As of June 30, 2017, fund balances of the governmental funds are classified as follows:

Total tax increments	\$ 34,054,432	\$ (6,135,069)	\$ 27,919,363

NOTE 11: RISK MANAGEMENT

The Authority is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; personal injuries; and natural disasters. The risk of loss is covered by commercial insurance. There have been no significant reductions in insurance coverage and no settlements.

NOTE 12: RELATED PARTIES

The Authority has an administrative contract with the District whereby the Authority, provides administrative and management services to the District (see Note 13). The District and the Authority share the same Executive Director. The Authority provided services to the District amounting to approximately \$354,000 for the year ended June 30, 2017. At June 30, 2017, approximately \$182,000 was due to the Authority under this contract and is included in other receivables in the accompanying basic financial statements.

The District is the recipient for the Federal Transit Administration grant and passes all funds through to the Authority to manage the development and construction of the FTA funded project. At December 31, 2016, eligible costs totaling \$329,030 had been incurred bhe Authority of which reimbursement and not yet been received from FTA. The amount due to the Authority is included in accounts payable in the accompanying basic financial statements (See Note 13).

The Authority's Executive Director and Board Chairman are also members of the Midtown Improvement and Development Corporation ("MIDCorp") Board of Directors. The Authority provides administrative and management services to MIDCorp under an administrative contract similar to that of the District.

NOTE 12: RELATED PARTIES (Continued)

The Authority provided services to MIDCorp amounting to approximately \$431,000 for the year ended June 30, 2017. At June 30, 2017, approximately \$234,000 was due to the Authority under this contract and is included in other receivables in the accompanying basic financial statements. In addition, the Authority provides funding to MIDCorp annually based on executed operating agreements. (See Note 13).

NOTE 13: COMMITMENTS AND CONTINGENCIES

Houston Technology Center Lease Agreement

The Authority and Technology & Entrepreneurship Center of Houston, Inc., a Texas non-profit corporation, d/b/a Houston Technology Center (HTC) entered into a lease agreement in June 2006 related to the 402 and 410 Pierce Street Buildings. The lease agreement was an extension and entire restatement of the original lease agreement entered into in July 2001 between these same parties. The lease commencement date for the 410 Pierce Street building was June 1, 2002 and the lease commencement date for the 402 Pierce Street building was August 16, 2006. The lease agreement expires in August 2026.

Under the lease agreement, HTC will pay a base rent of \$1 per year to the Authority. In addition, HTC is required to pay annual performance rent, subject to certain limitations and considerations as defined in the lease agreement. If HTC does not have sufficient positive cash flow for the completed lease year, then the performance rent due will be accrued. Performance rent that accrues will not bear interest. The following maximum performance rent is payable under the lease agreement.

	Maximum Annual
Lease Year	Performance Rent
1	\$74,250
2 – 10	\$ 100,000 / year
11 – 20	\$ 150,000 / year

When the lease expires or if HTC ceases to operate as the "Houston Technology Center", any accrued, but unpaid, performance rent due to the Authority shall be forgiven. Due to these stipulations, no performance rent has been accrued as of June 30, 2017. HTC remitted \$0 in performance rent to the Authority during fiscal year 2017.

The Authority and HTC entered into an agreement in June 2006 for the lease of the 402 Pierce Street building (lease agreement). The lease agreement provides for HTC to reimburse the Authority \$592,000 for a portion of the build out costs incurred by the Authority on behalf of HTC. HTC will reimburse the Authority in 14 equal annual installments of \$42,285 beginning in 2012. The amount due from HTC has been recorded in the accompanying basic financial statements.

During fiscal year 2010, the Authority renewed the sub-lease agreement with HTC to lease additional office space under an operating lease arrangement which expired on November 2016 and renewed monthly. For the fiscal year ended June 30, 2017, rent expense for the office totaled \$33,560.

Midtown Redevelopment Authority Notes to Financial Statements

NOTE 13: COMMITMENTS AND CONTINGENCIES (Continued)

Municipal Service Costs Agreement

The Authority, the Zone, and the City entered into an agreement whereby the Authority will pay to the City incremental costs of providing increased municipal services incurred as a result of the creation of the Zone or the development or redevelopment of the land in the Zone. Payment of the incremental service costs is from the City's Tax Increment and is limited to the available Tax Increment received by the Authority as defined in the agreement and the amount included in the Authority's annual approved budget. If the City's available Tax Increment is not sufficient in any year to pay the amount included in the approved budget, the amount due will accrue without interest. The agreement renews annually each June 30.

Houston Museum of African American Culture

During fiscal year 2011, the Authority entered into an agreement with HMAAC (or the Museum) to purchase the land and building of the Museum and then lease back the property for an original term of three years. The agreement was amended in October 2012 and again in September 2013. The lease term has been extended through November 2020 and, beginning July 1, 2014, HMAAC is required to make monthly rent payments of \$13,700. Under the terms of the agreement, HMAAC has the option to purchase the property during the lease term at the amount equal to the outstanding principal and any accrued but unpaid interest on the Authority's loan for the property. HMAAC continues to occupy the property pursuant to the terms of the amended agreement; however no rental payments have been received by the Authority.

Central Bank Plaza Development Agreement

In October 2013, the Authority entered into a Development Agreement with Midtown Central Square, L.L.C. (the Developer) for reimbursement of up to \$1.8 million of eligible project costs related to the Central Bank Plaza. Reimbursement to the Developer will occur over 10 years from available tax increments, as defined in the agreement. Reimbursement commences after completion of the project by the Developer.

Construction Contracts and Consultant Agreements

Engineering and construction contracts relating to construction-in-progress and other capital projects aggregated approximately \$13 million. These contracts will be paid in future period as work is performed. Payment will be made with proceeds from past bond issues, operating reserves, and Federal grants to be received. In addition, the Authority enters into agreements with various consultants to provide professional services each year.

Federal Grants

As of June 30, 2017, the District had outstanding Federal grant awards of approximately \$1 million for capital improvements by the Federal Transit Administration (FTA). The Federal grant funds are not available for pass-through from the District to the Authority until expenses are incurred and therefore, are not recorded as receivables. The grant expenses are subject to audit by the FTA, the purpose of which is to ensure compliance with conditions precedent to the granting funds. Any liability for reimbursement that may arise as a result of these audits is not believed to be material by management.

Midtown Redevelopment Authority Notes to Financial Statements

NOTE 13: COMMITMENTS AND CONTINGENCIES (Continued)

At June 30, 2017, eligible costs towards FTA funded projects totaling \$1,309,542 had been incurred by the Authority of which reimbursement had not yet been received from FTA. The amount due to the Authority is included in other receivable in the accompanying basic financial statements.

Administrative Agreement

The Authority has a memorandum of understanding with Fourth Ward Redevelopment Authority (Fourth Ward), Midtown Management District (the District), and Midtown Improvement and Development Corporation (MIDCorp) whereby the Authority provides office space, certain equipment and certain staff services to Fourth Ward, MIDCorp and the District. The District and the Authority share the same executive director. The Authority provided services totaling \$869,771 in fiscal year 2017 to these entities. Such amounts are included as other income in the accompanying basic financial statements.

Midtown Improvement and Development Corporation

The Authority and MIDCorp entered into an operating agreement effective July 1, 2015. Under this agreement, MIDCorp will operate, manage, maintain and preserve the Park Facilities pursuant to the terms of the agreement. The Park Facilities include Bagby Park, Midtown Park and the parking facility under Midtown Park. The term of the agreement is 40 years with automatic renewal and extension for two consecutive 20 year periods. Under the agreement, the Authority will pay an annual maintenance fee of \$250,000 per year for the first two years, then in each year thereafter, an amount not to exceed \$500,000 based on MIDCorp's annual operating budget. In addition, the Authority will pay \$50,000 per year for 10 years to be applied to the Renewal and Replacement Fund.

The Museum of Fine Arts Grant Agreement

In May 2017, the Authority entered into a Grant Agreement with The Museum of Fine Arts (the Grantee) for reimbursement of up to \$1.6 million of eligible project costs for improvements to this cultural facility. Reimbursement shall be payable in two equal installments of \$800,000 at the completion of the project which is expected to be in fiscal year 2020 and 2021.

NOTE 1: BASIS OF PRESENTATION OF SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") presents the Federal program fund expenditures of all Federal award programs of Midtown Redevelopment Authority (the Authority) for the year ended June 30, 2017. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in or used in the preparation of the Authority's basic financial statements.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, Cost Principles for State, Local, and Indian Tribal Governments, or in 2 CFR 200, Uniform Administrative Requirements, Cost Principles, And Audit Requirements For Federal Awards, as applicable, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The Authority has elected not to use the 10% de minimus indirect cost rate allowed under the Uniform Guidance.

NOTE 3: RELATIONSHIP TO FINANCIAL REPORTS SUBMITTED TO GRANTOR AGENCIES

Amounts reflected in the financial reports filed with grantor agencies for the programs may not agree because of accruals included in the next report filed with the agencies, matching requirements not included in the Schedule of Expenditures of Federal Awards and different program year ends.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors
Midtown Redevelopment Authority
Houston, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Midtown Redevelopment Authority (the Authority), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated September 28, 2017.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Midtown Redevelopment Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Organization's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Directors Midtown Redevelopment Authority Houston, Texas

Report on Compliance for the Major Federal Program

We have audited Midtown Redevelopment Authority's (the Authority) compliance with the types of compliance requirements described in the *OMB Compliance Supplement*, that could have a direct and material effect on the Authority's major federal program for the year ended June 30, 2017. The Authority's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal program.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for the Authority's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the major federal program occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the Authority's compliance.

Opinion on the Major Federal Program

In our opinion, Midtown Redevelopment Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2017.

Report on Internal Control Over Compliance

Management of Midtown Redevelopment Authority is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Authority's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal and state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Houston. Texas
