INDEPENDENT AUDITORS' REPORT

Board of Directors
Midtown Redevelopment Authority
Houston, Texas

We have audited the accompanying financial statements of the governmental activities and each major fund of Midtown Redevelopment Authority (the Authority), a component unit of the City of Houston, Texas, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Midtown Redevelopment Authority, as of June 30, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3 through 11 and 36 through 37 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The schedule of operating expenses and capital expenditures for the year ended June 30, 2020, the schedule of estimated project costs to actual expenditures for the period from December 29, 1995 (date of inception) through June 30, 2020, the schedule of properties held – land held for resale, and the schedule of capital assets, on pages 38 through 54, are presented for purposes of additional analysis and are not a required part of the basic financial statements. These schedules have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Midtown Redevelopment Authority Management's Discussion and Analysis (Unaudited)

This discussion and analysis of Midtown Redevelopment Authority's (the Authority) financial statements provides an overview of the Authority's financial performance during the years ended June 30, 2020 and 2019. This discussion and analysis includes comparative data for the year ended June 30, 2020 with the year ended June 30, 2019 and a brief explanation for significant changes between fiscal years. Since the Management's Discussion and Analysis is designed to focus on current activities, resulting changes and current known facts, please read in conjunction with the Authority's basic financial statements and the notes to the financial statements.

FINANCIAL HIGHLIGHTS

- As of the date hereof, Midtown has not sustained a material impact. The fourth quarter of fiscal year 2020 ended with the continued COVID-19 Virus Stay Home Stay Safe Order from the City of Houston in conjunction with Governor's emergency declaration. The Midtown Authority's essential workers continued to maintain the Zone's properties, parks and public right of way improvements clean and safe. The Authority's office staff worked remotely continuing to manage all of the Zone's administrative affairs, holding virtual Board meetings and supervision for construction of capital improvement projects and the affordable housing program.
- At the creation of the Tax Increment Reinvestment Zone Number Two (Midtown TIRZ or Zone) in 1995, the appraised base year value for real property located within the Zone was \$157,081,540. With four annexations of land in each of 1997, 1999, 2009 and 2015, the appraised base year value for real property located within the Zone has increased to \$286,543,928. The preliminary value for tax year 2020 (collectible Fiscal Year 2021) of real property located within the Zone is approximately \$2,428,678,660 (net of exemptions).
- Section 42.25116(b)(3) of the Texas Education Code provides for the Texas Education Agency to pay additional funds to school districts participating in tax increment reinvestment zones in an amount equal to the difference between (1) the tax levies collected on the district's maintenance and operations tax rate for 2006 and each year thereafter and (2) the levies that would have been collected at the district's 2005 maintenance and operations rate for each subsequent year (Pass-Through Funds). In fiscal year 2020, the City of Houston (the City) received the tax year 2018 Pass-Through Funds for the Houston Independent School District, in an amount totaling \$4,054,178. Of the total amount, \$2,702,785 was dedicated to the educational set-aside component and the balance of the funds in the total amount of \$1,351,393 was placed in the Authority's Affordable Housing Increment Account.
- Since 2015 the Authority has contracted with the Midtown Improvement and Development Corporation (MIDCorp) d/b/a Midtown Parks Conservancy to operate, manage, maintain and preserve certain park facilities, including Bagby Park, Midtown Park and the parking facilities constructed beneath Midtown Park. In consideration for those services, the Authority paid an "Annual Management Fee" of \$250,000 per year in each of the first two years, then in each year thereafter, has agreed to pay an amount not to exceed \$500,000 based on MIDCorp's annual operating budget. If in any fiscal year MIDCorp collects revenues in excess of the amount required for operations, as further described in the Operating Agreement, and less the Annual Management Fee, such excess amounts will be credited towards the Annual Management Fee for the following fiscal year. Additionally, the Authority has agreed to pay to MIDCorp an amount equal to \$50,000 to be applied to a Renewal and Replacement Fund for infrastructure capital maintenance.

Midtown Redevelopment Authority Management's Discussion and Analysis (Unaudited)

- Pursuant to the Amended 2017 Municipal Service Cost Agreement with the City, the Authority remitted \$781,263 to the City in July 2020 for the purposes of reimbursing the City for increased public safety services within the Zone. This agreement is automatically renewed annually at amounts determined pursuant to the adopted budget. In addition to the amount of the Municipal Service Costs line item shown in the fiscal year 2020 budget, the Zone and the Authority may pay all or a portion for certain supplemental services within the boundaries of the Zone, such as homeless initiatives, private security services, clean-up and trash/debris removal, and public safety education and coordination services.
- Pursuant to the Interlocal Agreement with Houston Community College System, the Authority began construction on its Caroline Street Project in late August 2018. The Caroline Street Project is projected to cost approximately \$18.5 million. As of June 30, 2020, the Caroline Street Project has incurred costs of approximately \$13 million. Of which, \$4 million is funded by a Texas Department of Transportation Grant. The Caroline Street construction is expected to be completed in December 2020.
- Bagby Park is undergoing a renovation at an estimated cost of \$1,132,000, consisting of lawn regrading, the installation of park lighting, an onsite storage facility, a new stage with a canopy and an additional restroom facility at the back of the park.
- In June 2019, the Authority's Board granted certain vacant land from its affordable housing land inventory to 2222 CLEBURNE LP, (an affiliate of The Montrose Center). The property, located at 2222 Cleburne Street, consists of approximately 2.9 acres of land that will be used for the construction of a 112-unit senior housing facility. The senior housing facility has begun construction and is expected to be completed in fiscal year 2021. Additionally, as part of its Affordable Housing Pilot Program, the Authority continues to make land available from approximate 3.3 million square feet of property in its affordable housing land inventory to non-profit organizations and for-profit developers for the construction of affordable single-family homes and townhomes which have subsequently been sold to qualified homebuyers whose household income does not exceed 110% of median income for the area as determined by the Department of Housing and Urban Development. Developers participating in the Affordable Housing Pilot Program to date are HOU Homes, Mayberry Homes, Epic Homes and Cole Klein Builders, LLC.
- To support and enhance affordable housing within the Midtown community, Midtown has been pursuing strategic partnerships with not for profit corporations to create a comprehensive institution to stimulate the development of affordable housing and other social services to create a strong neighborhood and provide necessary resources within the City. Since 2016, the Authority has engaged The Center for Civic and Public Policy Improvement (CCPPI) to create and implement a comprehensive plan for affordable housing in areas where Midtown owns property. This effort resulted in the Midtown Affordable Housing Plan (Plan), which was approved by the Authority with authorization for CCPPI to implement certain recommendations in the Plan. CCPPI continues to work on implementation of the Plan, recently announcing a 100-Homes Initiative. The Authority granted property for Phase I of this 100-Homes Initiative in July 2019, to Houston Business Development, Inc. (HBDI), a Texas non-profit corporation. It is anticipated that HBDI will begin construction of 43 homes in fiscal year 2021. Authority staff continues to engage with other non-profit and for-profit developers in connection with its Affordable Housing efforts.

Midtown Redevelopment Authority Management's Discussion and Analysis (Unaudited)

- The Authority's Affordable Housing Plan, in cooperation with CCPPI, will construct a mixed use campus consisting of (i) a 5-story building containing approximately 64,500 square feet to house office, supportive services (commercial and not for profit), community and public entities (the Operations Center); (ii) an approximately 17,050 square foot, 20-unit multi-family affordable housing development; and (iii) public parking garage containing approximately 224 parking spaces on those certain tracts of land owned by Midtown located at the intersection of Emancipation Avenue and Elgin Street. The Boards of the Authority and the OST/Alameda Corridors Redevelopment Authority approved an Interlocal Agreement relating to the construction of a parking garage that will be available for public use. It is anticipated that the Operations Center's construction will be substantially completed in December 2020. The completion of the Operations Center will further support affordable housing in the City's historic Third Ward.

- The Authority has entered into 5 developer reimbursement agreements with developers for Midtown projects which are located inside the boundaries of the Authority – one by Mid-Main Properties, two by The Morgan Group, one by Caydon Property Group and one by Central Bank – each of which is a multistory, mixed use facility. As of June 30, 2020, the Authority has not reimbursed any funds to the developers for these projects.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Authority's basic financial statements. According to the definition in the Governmental Accounting Standards Board (GASB), the Authority qualifies as a special purpose government with one program - redevelopment of Midtown.

Government-wide statements report information about the Authority as a whole using accounting methods similar to those used in private-sector companies. The Statement of Net Position includes all of the Authority's assets and liabilities, with the difference between assets and liabilities presented as net position. Over time, increases or decreases in the Authority's net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating. All of the current year's revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid. The fund financial statements report information about the Authority on the modified accrual basis, which only accounts for revenues that are measurable and available within the current period or soon enough thereafter to pay liabilities of the current period. Adjustments are provided to reconcile the government-wide statements to the fund statements. Explanations for the reconciling items are provided as part of the financial statements.

Total net position	\$ 58,817,000	\$ 49,557,000

Trust and operating cash accounts are invested in money market funds and local government investment pools (TexSTAR and LOGIC). All investments are stated at market value or amortized cost and are allowable under the Authority's investment policy and the Public Funds Investment Act.

Tax increments are based on calendar year taxes which are then received the next fiscal year. Tax increment receivables at June 30 were due to the Authority from the following:

	2020	2019
Houston Community College System (HCCS)	\$ 1,578,000	\$ 1,358,000
City of Houston (City)	10,527,000	-
Houston Independent School District (HISD)	-	9,643,000
Total tax increment receivables	\$ 12,105,000	\$ 11,001,000

Midtown Redevelopment Authority Management's Discussion and Analysis (Unaudited)

OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)

The Authority received tax increments outstanding at June 30, 2019 in July and October 2019. The Authority received City tax increments outstanding at June 30, 2020 in August 2020. The increment due from Houston Community College System (HCCS) is expected to be collected in fall 2020.

Other receivables include amounts due from other entities under memos of understanding for reimbursement of shared services, and the Houston Technology Center. The decrease from 2019 of approximately \$421,000 is mainly related to shared services that are no longer reimbursed by MIDCorp and one quarterly invoice due from the District as of June 30, 2020 compared to two quarterly invoices outstanding as of June 30, 2019.

Property held for resale relates to the Authority's affordable housing land assemblage program. During fiscal year 2020, the Authority sold/granted 5 properties with a cost of approximately \$309,000. During 2019, several properties with a cost of approximately \$1.9 million were reclassified to property held for development. During 2020, these properties were reclassified to capital assets upon commencement of construction of the Operations Center.

The increase in capital assets net, relates to the Authority's continued construction on Midtown Park, renovations to Bagby Park, and construction on the Operations Center with combined additions of approximately \$17.5 million in fiscal year 2020, donated works of art with acquisition value of approximately \$382,000 and the reclassification of approximately \$1.9 million from properties held for development discussed above. The Authority's total long-term debt had a net increase in fiscal year 2020 of approximately \$5.3 million as a result of refunding bonds issued, a new loan with BBVA and repayments of loans and bonds. See Capital Assets and Debt Administration for more information related to the Authority's capital asset and long-term debt activities.

Unrestricted net position represents that which can be used to finance day-to-day operations without the constraints established by debt covenants, enabling legislation, or other legal requirements. At June 30, 2020 and 2019, the Authority has an unrestricted deficit of \$70.2 million and \$76.9 million, respectively. The deficit occurs by the Authority using bond funds and loans to pay for eligible project plan costs in current years in anticipation of receiving tax increments in future years. The Authority had net position restricted for debt service in the amount of \$14.8 million and \$15.5 million at June 30, 2020 and 2019, respectively; net position restricted for affordable housing in the amount of \$55.8 million and \$57.8 million at June 30, 2020 and 2019, respectively; and net position restricted for capital projects in the amount of \$5 million and \$7 million at June 30, 2020 and 2019, respectively. The majority of the Authority's net position restricted for affordable housing is invested in land held for resale and development totaling \$46.7 million and \$49 million at June 30, 2020 and 2019, respectively.

Net position - end of year	\$ 58,817,000	\$ 49,557,000

The City and HISD have agreed, subject to certain limitations, to deposit to the Tax Increment Fund established for the Authority, a certain percentage of tax collections arising from their respective taxation of the increase, if any, in the appraised value of real property located in the Zone since a designated base year. The base year for the original Zone is 1995, and the base year for the annexed area is 1999. HCCS began contributing to the Tax Increment Fund in 2009 (tax year 2008) upon execution of the Interlocal Agreement between the Authority, the Zone, HCCS and the City. The City remits tax increments collected by the City, HISD and HCCS on an annual basis. Tax increments continue to increase each year as the overall appraised value of properties within the Zone increase. The Interlocal Agreement with the County expired end of fiscal year 2018 and a new agreement is still under discussion. No tax increment was received from the County during 2019 or 2020.

During fiscal year 2020, the City reviewed its tax increment revenue calculations for tax years 2014 through 2017 and identified an overpayment of \$416,142. The City's previous methodology for its calculations did not properly prorate properties that are not 100% within the TIRZ boundaries. Accordingly, the City processed a one-time adjustment to apply the overpayment against the tax increment deposit for tax year 2019 (fiscal year 2020).

Midtown Redevelopment Authority Management's Discussion and Analysis (Unaudited)

OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)

Fiscal year 2020 other revenue primarily includes amounts received from other entities as reimbursement under management agreements and interlocal agreements and donated capital assets somewhat offset by losses recorded on affordable housing properties granted to third parties during the year. Fiscal year 2019 other revenue primarily includes amounts received from other entities as reimbursement under management agreements and interlocal agreements offset by losses recorded on affordable housing properties granted to third parties during the year.

Capital projects funded from loan and bond proceeds and tax increments totaled 45% and 35% of total expenses in fiscal year 2020 and 2019, respectively. More detailed information about the Authority's capital projects is presented in the other information – Schedule of Operating Expenses and Capital Expenditures.

GOVERNMENTAL FUNDS

At the end of the current fiscal year, the Authority's governmental funds reported combined ending fund balances of approximately \$88.7 million, which is approximately \$3.4 million less than the prior fiscal year. Approximately 53% of the fund balance, or \$46.7 million, is invested in property held and developed by the Authority or which is being held for resale and is considered non-spendable. Approximately 6% of the fund balances, or \$5 million, is committed or restricted by bonds to various capital projects and development agreements entered into by the Authority. Approximately 4% of the fund balances, or \$3.2 million, is committed to the operations center. Approximately 11% of the fund balances, or \$9.3 million is assigned or available for spending at the government's discretion provided expenditures are allowable by the Authority's project plan and other legal authorities. The remainder of the fund balance is restricted to indicate that it is committed to pay debt service (approximately \$14.8 million), and to affordable housing (approximately \$5.6 million).

CAPITAL ASSETS

As of June 30, 2020, the Authority had approximately \$80.4 million, net of accumulated depreciation, invested in a broad range of capital assets including land, land improvements, buildings and furniture, equipment and donated works of art.

During 2020, the Authority continued the construction of Phase II and Phase III of Midtown Park and started construction of the Operations Center and renovations of Bagby Park. More detailed information about the Authority's capital assets is presented in the notes to the basic financial statements.

DEBT ADMINISTRATION

In March 2020, the Authority issued Tax Increment Contract Revenue Refunding Bonds, Series 2020 (Series 2020) in the aggregate principal amount of \$11,085,000. Proceeds from the Series 2020 Bonds were used for the purposes of refunding Series 2011 bonds in order to restructure and align debt service; funding the reserve requirement of debt service reserve fund; and paying costs of issuance.

As of June 30, 2020 and 2019, the Authority has five and four series of Tax Increment Contract Revenue Bonds totaling \$81,920,000 and \$87,240,000, respectively. A debt service reserve fund in the amount of \$7,454,587 has been established based on an amount equivalent to the estimated annual debt service with the inclusion of Series 2011, 2013, 2015, 2017 and 2020 bonds.

Midtown Redevelopment Authority Management's Discussion and Analysis (Unaudited)

DEBT ADMINISTRATION (Continued)

In July 2019, the Authority entered into a \$14 million tax-exempt and taxable loan agreement with a bank to partially fund the construction of the Operations Center. During 2020, the Authority was advanced \$10,556,477 under this agreement. Total loans outstanding at June 30, 2020 and 2019 were \$19,574,289 and \$10,579,212, respectively.

The City limits the amount of debt that the Authority may incur. The current debt limitation that the City has approved for the Authority is \$98 million for the issuance of bonds and \$6 million for the issuance of notes, which are secured by tax increments paid by the City to the Authority pursuant to the Tri-Party Agreement.

Additional information on the Authority's long term debt can be found in the notes to the basic financial statements.

GENERAL FUND BUDGETARY HIGHLIGHTS

The fiscal year 2020 budget was approved by the City for the Authority. The Authority's annual budget was not amended during the year. Actual tax increments recorded by the Authority will be less than budgeted revenues each year because the Authority's adopted budget is based on gross tax increments to be remitted to the Zone. Included in the approved fiscal year 2020 budget was approximately \$5.7 million of tax increments for educational facilities, \$1 million for affordable housing transfer to the County and \$603,000 for administrative fees which are budgeted as other interfund transfers. These funds are withheld by the City and paid directly to the City or paid back to HISD.

FUTURE PROJECTS

The Authority will continue to participate in planning and implementing capital improvement projects throughout the Zone on an ongoing basis, including street reconstruction and overlay projects, public right of way improvements, parkland acquisitions, and utility upgrades. The Authority's Board has active design contracts with Walter P. Moore, Design Workshop and IDS Engineering for parks and open spaces, mobility and pedestrian improvements and the reconstruction of Brazos Street.

The Authority is continuing its efforts with The Goodman Corporation to solicit grants from the Federal Transit Administration, The Texas Commission on the Arts, the City of Houston's Art Initiative Program, Houston Galveston Area Council and Texas Department of Transportation to facilitate the implementation of the capital improvements for large scale public right of way infrastructure, green space improvements, transit oriented development and works of art. The Goodman Corporation additionally assists the Authority with its Houston Intercity Bus Site Selection project by establishing site needs, site selection analysis, economic development benefits and implementation strategy.

At the May 2017 Board of Directors meeting, a Grant Agreement with the Museum of Fine Arts, Houston was approved to fund an interactive fountain and reflecting pool, along with related waterline improvements, for a total amount not to exceed \$1,600,000. It is expected that this Grant will be budgeted in the amounts of \$750,000 and \$850,000 in fiscal years 2021 and 2022, respectively.

Midtown Redevelopment Authority Management's Discussion and Analysis (Unaudited)

FUTURE PROJECTS (Continued)

As of the date hereof, the Authority's fiscal year 2021 budget has not been approved by the City Council of the City; therefore, the Authority will continue to operate under its approved budget for fiscal year 2020 pursuant to Section VI of the Tri-Party Agreement between the City, the Authority and the Zone, which states "In the event that the Zone Board or the City Council fails or refuses to approve the proposed Budget of the Authority for the ensuing year by July 1 of that year, the Authority may continue to operate on the Budget for the previous fiscal year for a period not to exceed twelve (12) months." When approved, the fiscal year 2021 budget will include the design and implementation of capital improvement projects, affordable housing projects, administration costs and the Municipal Service Fee. For fiscal year 2021 the City has requested, and the Authority has budgeted for, a Municipal Service Fee for incremental service to the City of Houston in the amount of \$781,263 with an additional \$492,737 of supplemental funds that will be used at the Authority's recommendation for quality of life, homelessness and safety issues within the Zone.

Midtown Redevelopment Authority Notes to Financial Statements

Note 1: DESCRIPTION OF ORGANIZATION

Midtown Redevelopment Authority (the Authority) is a public not-for-profit local government corporation, incorporated July 11, 1995 under the laws of the State of Texas, and operating under Chapter 431, Texas Transportation Code. The Authority was authorized by the City of Houston (the City) on June 28, 1995 to aid, assist and act on the behalf of the City in the performance of the City's obligations with respect to Reinvestment Zone Number Two, City of Houston, Texas (Midtown TIRZ or Zone).

City of Houston Reinvestment Zone Number Two

Midtown TIRZ was created on December 14, 1994, under Chapter 311, Texas Tax Code (TIF Act), by the City, as a tax incremental reinvestment zone (TIRZ). The Midtown TIRZ originally consisted of 356 acres of the area known as Midtown. Of this total, 203 acres were designated for redevelopment during the life of the Midtown TIRZ (original area/Part A). In 1997, the City approved the addition of approximately 108 acres of land contiguous to the original zone (expanded area/Part B). In 1999, the City approved an additional six parcels of land, totaling approximately 153 acres that are contiguous to the original zone (expanded area/Part C) and in 2009, the City approved the enlargement of the Midtown TIRZ to include additional tracts of land immediately adjacent to the existing Zone which designated the Cultural District and the related facilities (expanded area/Part D). Part D consists of publicly owned land and is not presently taxed. Midtown TIRZ is authorized to provide new capital for public works and public improvements in Midtown. Midtown TIRZ provides a source of funding through the tax increments generated by redevelopment of the Midtown area. The area known as Midtown is generally located between the central business district of the City and the Texas Medical Center.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

As required by accounting principles generally accepted in the United States of America, these basic financial statements represent all the funds of the Midtown Redevelopment Authority. The Authority is a component unit of the City of Houston, Texas. Component units are legally separate entities for which the primary government is financially accountable. The City appoints voting Board Members and approves the Authority's budget. There are no separate legal entities that are a part of the Authority's reporting entity.

Measurement Focus and Basis of Accounting

Government-Wide Financial Statement

The statement of net position and the statement of activities display information about the reporting government as a whole. These statements are prepared on the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all of the Authority's assets, deferred outflows of resources, liabilities, and deferred inflows of resources are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred, regardless of the timing of the related cash flow. Annual assessments are recognized as revenues in the year for which they are levied. Expenses are recorded when liabilities are incurred.

Midtown Redevelopment Authority Notes to Financial Statements

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Government-wide statements distinguish between governmental-type and business-type activities. Governmental activities are those financed through taxes, intergovernmental revenues, and other non-exchange revenues and are usually reported in governmental and internal service funds. Business activities are financed in whole or in part through fees charged for goods or services to the general public and are usually reported in proprietary funds. The Authority does not have any business-type activities.

Under the government-wide financial statements, net position is classified into three components as follows:

Net investment in Capital Assets - This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by outstanding balances of any bonds, notes or other borrowings.

Restricted - This component of net position consists of that on which constraints have been placed through external constraints imposed by creditors, grantors, contributors, or laws or regulations of other governments or constraints imposed by law through contractual provisions or enabling legislation.

Unrestricted - This component of net position consists of that which does not meet the definition of "Restricted" or "Invested in Capital Assets, Net of Related Debt".

Fund Financial Statements

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a current financial resources measurement focus and have been prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they are "measurable and available"). "Measurable" means the amount of the transaction that can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Authority considers all revenue available if it is collected within 60 days after the year-end. Expenditures are recorded when the related fund liability is incurred as under accrual accounting. However, debt service expenditures as well as expenditures related to claims and judgments are recorded only when payment is due.

Fund Accounting

The Authority uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities. A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The funds the Authority uses are described below:

General Fund - The general fund is the general operating fund of the Authority. It accounts for all activities except those accounted for in other funds.

Infrastructure and Project Fund – The infrastructure and project fund accounts for the construction of Authority capital projects from tax increments.

Capital Projects Fund - The capital projects fund accounts for the construction of Authority projects funded with bond proceeds.

Midtown Redevelopment Authority Notes to Financial Statements

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Affordable Housing Fund - The affordable housing fund accounts for the accumulation of financial resources for the payment of affordable housing projects.

Debt Service Fund - The debt service fund accounts for the accumulation of financial resources for the payment of principal and interest on bonds issued by the Authority. Tax increments are used for the payment of principal and interest.

Fund Balance Classification

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the Authority is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

Nonspendable – amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact. The Authority has classified properties held for resale or development as being nonspendable as these items are not expected to be converted to cash or are not expected to be converted to cash within the next year.

Restricted – amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. Debt service resources are to be used for future servicing of the tax increment contract revenue bonds and are restricted through debt covenants. Capital Projects resources are also restricted through debt covenants and affordable housing resources are restricted both through debt covenants and enabling legislation.

Committed – amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Authority's Board of Directors. These amounts cannot be used for any other purpose unless the Board of Directors removes or changes the specified use by taking the same type of action (resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.

Assigned – This classification includes amounts that are constrained by the Authority's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board of Directors or through the Board of Directors delegating this responsibility to the Authority's Executive Director or through the budgetary process. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund.

Unassigned – This classification includes the residual fund balance for the General Fund.

The Authority would typically use restricted fund balances first, followed by committed resources, and then assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to defer the use of these other classified funds.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Tax Increments and Participation Agreements

The City, Houston Independent School District (HISD) and Houston Community College System (HCCS) (each a Participant) has agreed to deposit to the Tax Increment Fund established for the Midtown TIRZ (the Tax Increment Fund) a certain percentage of tax collections arising from their taxation of the increase, if any, in the appraised value of real property located in the Midtown TIRZ since January 1, 1995 for the original area and January 1, 1999 for the annexed area (the Tax Increments).

Each Participant is required to collect taxes on real property located within the Midtown TIRZ in the same manner as other taxes are collected by the Participant. The Participant is then required to pay into the Tax Increment Fund the Tax Increments, as agreed upon in accordance with such Participant's agreement with the City and the Midtown TIRZ (collectively, the Participation Agreements) by no later than the 90th day after the delinquency date for the Participant's property taxes. Thus, Tax Increments are due to be deposited in the Tax Increment Fund on May 1. The City has agreed to pay 100% of their Tax Increments to the Increment Fund. The City retains an administrative fee from the tax increments deposited in the Tax Increment Fund.

HISD has agreed to pay collected Tax Increment arising from the Original Zone based on its then current tax rate and from the annexed areas based on a tax rate of \$0.96 per \$100 of value. The First Amendment of the interlocal agreement between the City, HISD and the Midtown TIRZ amends HISD participation and provides for provision of tax increment funds for the payment of education facilities project costs due to the annexation of additional area approved by the City of Houston Ordinance No. 1999-849 (annexed area). For the original area the HISD tax increment participation is the amount of taxes collected by HISD each year by levying a tax on property in the original area at the then current tax rate per \$100 valuation of the Captured Appraised Value. One third of the Tax Increment is attributable to affordable housing. Of the remaining two-thirds of the tax increment participation attributable to the original area: (a) beginning in the tax year commencing January 1, 2000, up to \$1,200,000 of taxes collected by HISD by levying a tax at a tax rate of \$0.64 per \$100 valuation on the Captured Appraised Value shall be for the payment of educational facilities project costs, (b) the amount of taxes collected by HISD by levying a tax at a tax rate of \$0.64 per \$100 valuation on the Captured Appraised Value in excess of \$1,200,000 shall be applied to the payment of non-educational facilities project costs, including administrative costs, and school support expenses, and (c) the remaining portion of the HISD tax increment participation attributable to the original area shall be for the payment of educational facilities project costs. HISD tax increment participation in the annexed area is the amount of taxes collected by HISD each year by levying at a tax rate of \$0.96 cents per \$100 of valuation on the Captured Appraised Value. One third of the Tax Increment is attributable for affordable housing, one-third for educational facilities project and one-third for non-educational facilities projects costs, including administrative costs and school support expenses. Under the provisions of the HISD interlocal agreement, taxes collected by HISD in any year on actual Captured Appraised Value that exceeds the estimate of Captured Appraised Value for that year shown in the Project Plan approved before September 1, 1999, shall be retained by HISD.

Midtown Redevelopment Authority Notes to Financial Statements

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Beginning with tax year 2008, HCCS began to contribute 100% of the Tax Increments attributable to HCCS into the Tax Increment Fund. HCCS is not obligated to pay Tax Increments from any other source other than taxes collected on the Captured Appraised Value from the portion of taxes levied by HCCS for maintenance and operations. Initially, two-thirds of the HCCS Tax Increment, up to \$5,000,000, will be applied to project costs associated with streetscape improvements to the block faces that are contiguous to HCCS central campus. Thereafter, one-third of the HCCS Tax Increments will be applied to project costs in the general vicinity of HCCS central campus, one-third to any other eligible project costs, and the remaining one-third to affordable housing.

The Authority is dependent upon the Tax Increments. Default by any of the governmental entities involved in the Zone would impact the Authority's ability to repay its outstanding bonds, note and other obligations.

Affordable Housing

The TIF Act under which the Midtown TIRZ presently operates requires that one-third of the Tax Increments be dedicated to providing affordable housing during the term of the Midtown TIRZ. The Authority agreed to this covenant in the Bond Resolution and Tri-Party Agreement and the Authority will continually comply with the requirements in the TIF Act, if any, relating to the provision of affordable housing during the term of the Midtown TIRZ.

The Tri-Party Agreement requires that any portion of the affordable housing component of Tax Increment, including interest, or bond proceeds derived from such increments, paid to the Authority that remains unexpended or uncommitted at the end of twelve months after being received by the Authority will, upon request, be paid to the City for their affordable housing program.

Cash, Cash Equivalents and Investments

Cash and cash equivalents and investments consist of demand and time deposits, money market investments in U.S. Government Securities, and funds maintained in public funds investment pools.

Investments of the Authority consist of Texas Short Term Asset Reserve Program (TexSTAR) and Local Government Investment Cooperative (LOGIC), both local government investment pools created under the Interlocal Cooperation Act, Chapter 791, Texas Government Code, and the Public Funds Investment Act, Chapter 2256, Texas Government Code. TexSTAR and LOGIC are administered by First Southwest Asset Management, Inc. and JPMorgan Chase Asset Management, Inc. TexSTAR and LOGIC use amortized cost to value portfolio assets and follow the criteria for GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, for use of amortized cost and do not place any limitations or restrictions such as notice periods or maximum transaction amounts on withdrawals.

Receivables

Receivables consist of all revenues earned at year-end and not yet received. Major receivable balances for the governmental activities and major funds include tax increment receivables and expense reimbursements under executed agreements. The Authority estimates and records an allowance for doubtful accounts based on prior experience. As of June 30, 2020, the Authority believes all receivables are fully collectible and accordingly no allowance has been recorded.

Midtown Redevelopment Authority Notes to Financial Statements

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Due to and Due from Other Funds

Interfund receivable and payables arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed. These receivables and payables are eliminated in the Statement of Net Position.

Property Held for Resale

Property held for resale consists of properties that the Authority has acquired for affordable housing and other properties held for future mixed-use development and are not used in the Authority's operations. The Authority intends to sell, lease or otherwise convey the properties to third parties for future development. Any properties sold, leased or otherwise conveyed by the Authority, related to affordable housing, will have a deed restriction to ensure the properties will be used only for affordable housing.

Capital Assets

In the government-wide financial statements, capital assets are valued at cost, except for donated assets that are recorded at their acquisition value at the date of donation in accordance with GASB 72, *Fair Value Measurement and Application*.

Depreciation of capital assets is computed and recorded by the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: building and improvements, 20 to 39 years; equipment, 3 to 5 years and works of art, 25 years.

In the fund financial statements, fixed assets used in governmental fund operations are accounted for as capital outlay expenditures of the appropriate governmental fund upon acquisition.

Debt and Related Premiums, Discounts, and Issuance Costs

Debt consists of tax increment contract revenue bonds, loans with financial institutions, and a loan with a developer.

In the government-wide financial statements, bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Debt issuance costs are expensed as incurred.

In governmental fund financial statements, bond premiums, discounts and any debt issuance costs are recognized in the current period. The face amount of the debt is reported as other financing sources. Premiums received on debt issuance are reported as other financing sources while discounts are reported as other financing uses. Issuance costs are reported as debt issuance expenditures.

Midtown Redevelopment Authority Notes to Financial Statements

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred Inflows of Resources

In addition to liabilities, the governmental funds balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The Authority has only one type of item, which arises only under the modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, deferred tax increment revenue is only reported in the governmental funds balance sheet. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

Internal Transfers

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and to move unrestricted revenue collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations and actions of the Board of Directors.

Federal Income Tax

The Authority is exempt from Federal income taxes under section 501(a) as an organization described in Section 501(c) 3 of the Internal Revenue Code. Furthermore, the Internal Revenue Service has ruled that the Authority is a publicly-supported organization and is not a private foundation. Under the provisions of Internal Revenue Procedure 95-48, the Authority is not required to file public information returns on Form 990.

Use of Estimates

The preparation of the Authority's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Authority's management to make estimates and assumptions that affect the amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Note 3: AUTHORIZED INVESTMENTS

The Board of Directors has adopted and continues to amend and/or ratify annually a written investment policy regarding the investments of its funds as defined in the Public Funds Investment Act of 1997 (Chapter 2256, Texas Government Code). Such investments include (1) obligations of the United States or its agencies; (2) direct obligations of the State of Texas or its agencies; (3) other obligations, the principal and interest of which are unconditionally guaranteed or insured by or backed by the full faith and credit of the State of Texas or the United States or their respective agencies; (4) certificates of deposit; (5) local government investment pools; and (6) various other items that comply with the Public Funds Investment Act.

Note 4: DEPOSITS AND INVESTMENTS

Custodial credit risk for deposits with financial institutions is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. At June 30, 2020, the carrying amount of the Authority's deposits was \$14,602,357 and the bank balances totaled \$7,095,124. The Authority's deposits in excess of FDIC insurance totaling \$394,009 were adequately collateralized. Cash deposits totaling \$6,451,115, which approximate fair value, represent money market investments in U.S. Government Securities. In addition, the Authority held \$20,282,790 in investment pools at June 30, 2020, which mature in less than one year and are recorded at amortized cost.

Interest rate risk is the risk that changes in the interest rates will adversely affect the fair value of an investment. In accordance with the Authority's Investment Policy, the Authority limits its exposure to interest rate risk by structuring its portfolio to provide safety and liquidity of funds while maximizing yields for operating funds not immediately needed. The investment policy limits the maximum maturity of any investment to three (3) years.

Concentration of credit risk is the risk of loss attributed to the magnitude of investment in a single issuer. The Authority's investment policy does not limit the amount of funds that may be invested in any authorized investment.

Investments that are obligations of or guaranteed by the U.S. Government do not require disclosure of credit quality. The Authority's investment in the TexSTAR and LOGIC fund is rated AAAM by Standard and Poor's and maintains a weighted average maturity of 60 days or less, with a maximum weighted average maturity of 13 months for any individual security. The Authority considers the investments in TexSTAR and LOGIC to have maturities of less than one year due the fact the share position can usually be redeemed each day at the discretion of the Authority, unless there has been a significant change in value.

Note 5: RESTRICTED ASSETS

Note 7: LOANS PAYABLE (Continued)

In November 2013, and amended in March 2017, the Authority entered into a Development Agreement with 2800 Main, L.L.C. (the Developer) for reimbursement of up to \$19 million of eligible project costs related to the Garage Structure for Midtown Park. Commencement of construction began in April 2015 and completion of the project was December 2017. During the period from the commencement of construction through completion, interest on each developer advance accrued at an interest rate of 4% per annum from the date of the advance and was payable on January 1 and July 1 in accordance with the terms of the agreement. Upon completion of the Garage Structure (December 2017), reimbursement to the Developer began on October 1 of the year following completion and is payable over a period of 13 years. However, as a significant principal payment of approximately \$9.4 million was made during fiscal year 2019, the loan is expected to be paid off in 7 years. The interest rate increased to 7% per annum after the date of completion until full repayment is made on the advance. As of June 30, 2020, the outstanding balance on the loan totaled \$7,870,305.

In September 2013, the Authority refinanced a \$1,843,593 loan with a bank which was originally used to purchase the Houston Museum of African American Culture land and building. The refinanced loan bears interest at 4.0%, requires monthly principal and interest payments totaling \$13,690 and matures September 30, 2020. A balloon payment of \$1,127,681 is payable at maturity. The loan is secured by 4807 Caroline Street property. At June 30, 2020, the outstanding balance on the loan totaled \$1,147,507.

In July 2019, the Authority entered into a \$14 million tax-exempt and taxable loan agreement with a bank to partially fund the construction of the Operations Center. The \$6 million tax-exempt loan bears interest at 79% of LIBOR plus 0.86% per annum and requires quarterly interest payments from October 1, 2019 until July 1, 2022 and quarterly principal and interest payments thereafter until maturity totaling \$75,000, if fully funded by end of loan advance period, as defined in the agreement. The \$8 million taxable loan bears interest at LIBOR plus 1.09% per annum and requires quarterly interest payments from October 1, 2019 until July 1, 2022 and quarterly principal and interest payments thereafter until maturity totaling \$100,000, if fully funded by end of loan advance period, as defined in the agreement. The loan matures on July 15, 2024. This loan agreement required the creation of a loan pledged revenue fund consisting of the estimated debt service due on the loans for the following twelve month period and the estimated amount of unused fees for the following twelve month period. At June 30, 2020, the loan pledged revenue fund totaled \$1,389,132. At June 30, 2020, the combined outstanding balance on the loan totaled \$10,556,477.

Future minimum payments as of June 30 are as follows:

Total tax increments	\$ 30,250,294	\$ (6,272,056)	\$ 23,978,238

The Authority's tax increment revenue, as reflected in the governmental funds, was received from the following Participants:

	Gross Increment	Transfers	Net Increment
City of Houston	\$ 11,080,939	\$ (554,047)	\$ 10,526,892
Houston Independent School District (Tax Year 2019 Set Aside)	4,054,179	(2,702,785)	1,351,394
Houston Independent School District	13,512,085	(2,990,224)	10,521,861
Houston Community College System	1,382,990	(25,000)	1,357,990
Total tax increments	\$ 30,030,193	\$ (6,272,056)	\$ 23,758,137

During fiscal year 2020, the City reviewed its tax increment revenue calculations for tax years 2014 through 2017 and identified an overpayment of \$416,142. The City's previous methodology for its calculations did not properly prorate properties that are not 100% within the TIRZ boundaries. Accordingly, the City processed a one-time adjustment to apply the overpayment against the tax increment deposit for tax year 2019 (fiscal year 2020). The tax year 2019 City increment payment is \$11,497,081 less the one-time adjustment of \$416,142 which resulted in an appropriated amount of \$11,080,939 for the year ended June 30, 2020.

Note 11: RISK MANAGEMENT

The Authority is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; personal injuries; and natural disasters. The risk of loss is covered by commercial insurance. There have been no significant reductions in insurance coverage and no settlements.

Note 12: RELATED PARTIES

The Authority has an administrative contract with the District whereby the Authority provides administrative and management services to the District (see Note 13). The District and the Authority share the same Executive Director. The Authority provided services to the District amounting to approximately \$501,000 for the year ended June 30, 2020. At June 30, 2020, approximately \$126,000 was due to the Authority under this contract and is included in other receivables in the accompanying basic financial statements.

The Authority's Executive Director and Board Chairman are also members of the Midtown Improvement and Development Corporation ("MIDCorp") Board of Directors. The Authority provides administrative and management services to MIDCorp under an administrative contract similar to that of the District.

The Authority donated services to MIDCorp amounting to approximately \$606,000 for the year ended June 30, 2020. In addition, the Authority provides funding to MIDCorp annually based on executed operating agreements. (See Note 13).

Note 13: COMMITMENTS AND CONTINGENCIES

Houston Technology Center Lease Agreement

The Authority and Technology & Entrepreneurship Center of Houston, Inc., a Texas non-profit corporation, d/b/a Houston Technology Center (HTC) entered into a lease agreement in June 2006 related to the 402 and 410 Pierce Street Buildings. The lease agreement was an extension and entire restatement of the original lease agreement entered into in July 2001 between these same parties. The lease commencement date for the 410 Pierce Street building was June 1, 2002 and the lease commencement date for the 402 Pierce Street building was August 16, 2006. The lease agreement expires in August 2026.

Under the lease agreement, HTC will pay a base rent of \$1 per year to the Authority. In addition, HTC is required to pay annual performance rent, subject to certain limitations and considerations as defined in the lease agreement. If HTC does not have sufficient positive cash flow for the completed lease year, then the performance rent due will be accrued. Performance rent that accrues will not bear interest. The following maximum performance rent is payable under the lease agreement.

Lease Year	Maximum Annual Performance Rent
1	\$74,250
2 – 10	\$ 100,000 / year
11 – 20	\$ 150,000 / year

When the lease expires or if HTC ceases to operate as the "Houston Technology Center", any accrued, but unpaid, performance rent due to the Authority shall be forgiven. Due to these stipulations, no performance rent has been accrued as of June 30, 2020. HTC remitted \$0 in performance rent to the Authority during fiscal year 2020.

Midtown Redevelopment Authority Notes to Financial Statements

Note 13: COMMITMENTS AND CONTINGENCIES (Continued)

The Authority and HTC entered into an agreement in June 2006 for the lease of the 402 Pierce Street building (lease agreement). The lease agreement provides for HTC to reimburse the Authority \$592,000 for a portion of the build out costs incurred by the Authority on behalf of HTC. HTC will reimburse the Authority in 14 equal annual installments of \$42,285 beginning in 2012. The amount due from HTC has been recorded in the accompanying basic financial statements.

During fiscal year 2018, the Authority renewed the sub-lease agreement with HTC to lease additional office space under an operating lease arrangement which expired in April 2020 and has not been renewed as of the report issuance date. For the fiscal year ended June 30, 2020, rent expense for the office totaled \$94,290.

Municipal Service Costs Agreement

The Authority, the Zone, and the City entered into an agreement whereby the Authority will pay to the City incremental costs of providing increased municipal services incurred as a result of the creation of the Zone or the development or redevelopment of the land in the Zone. Payment of the incremental service costs is from the City's Tax Increment and is limited to the available Tax Increment received by the Authority as defined in the agreement and the amount included in the Authority's annual approved budget. If the City's available Tax Increment is not sufficient in any year to pay the amount included in the approved budget, the amount due will accrue without interest. The agreement renews annually each June 30.

Houston Museum of African American Culture

During fiscal year 2011, the Authority entered into an agreement with HMAAC (or the Museum) to purchase the land and building of the Museum and then lease back the property for an original term of three years. The agreement was amended in October 2012 and again in September 2013. The lease term has been extended through November 2020 and, beginning July 1, 2014, HMAAC is required to make monthly rent payments of \$13,700. Under the terms of the agreement, HMAAC has the option to purchase the property during the lease term at the amount equal to the outstanding principal and any accrued but unpaid interest on the Authority's loan for the property. HMAAC continues to occupy the property pursuant to the terms of the amended agreement; however no rental payments have been received by the Authority.

Central Bank Plaza Development Agreement

In October 2013, the Authority entered into a Development Agreement with Midtown Central Square, L.L.C. (the Developer) for reimbursement of up to \$1.8 million of eligible project costs related to the Central Bank Plaza. Reimbursement to the Developer will occur over 10 years from available tax increments, as defined in the agreement. Reimbursement commences after completion of the project by the Developer.

Construction Contracts and Consultant Agreements

Engineering and construction contracts relating to construction-in-progress and other capital projects aggregated approximately \$15.9 million. These contracts will be paid in future period as work is performed. Payment will be made with proceeds from past bond issues, bank loans, operating reserves, and Federal grants to be received. In addition, the Authority enters into agreements with various consultants to provide professional services each year.

Note 13: COMMITMENTS AND CONTINGENCIES (Continued)

Administrative Agreement

The Authority has a memorandum of understanding with Fourth Ward Redevelopment Authority (Fourth Ward) and Midtown Management District (the District) whereby the Authority provides office space, certain equipment and certain staff services to Fourth Ward and the District. The Authority invoices these entities on a quarterly basis for reimbursement of costs incurred under the agreements. The District and the Authority share the same executive director.

Midtown Improvement and Development Corporation

The Authority and MIDCorp entered into an operating agreement effective July 1, 2015. Under this agreement, MIDCorp will operate, manage, maintain and preserve the Park Facilities pursuant to the terms of the agreement. The Park Facilities include Bagby Park, Midtown Park and the parking facility under Midtown Park. The term of the agreement is 40 years with automatic renewal and extension for two consecutive 20 year periods. Under the agreement, the Authority will pay an annual maintenance fee of \$250,000 per year for the first two years, then in each year thereafter, an amount not to exceed \$500,000 based on MIDCorp's annual operating budget. In addition, the Authority will pay \$50,000 per year for 10 years to be applied to the Renewal and Replacement Fund.

The Museum of Fine Arts Grant Agreement

In May 2017, the Authority entered into a Grant Agreement with The Museum of Fine Arts (the Grantee) for reimbursement of up to \$1.6 million of eligible project costs for improvements to this cultural facility. Reimbursement shall be payable in installments of \$850,000 and \$750,000 at the completion of the project which is expected to be in fiscal year 2021 and 2022, respectively.

The Center for Civic and Public Policy Improvement Agreements

In April 2016, the Authority entered into a Grant Agreement with The Center for Civic and Public Policy Improvement (CCPPI or the Grantee) for reimbursement of up to \$500,000 for eligible project costs related to the development (Phase I) and implementation (Phase II) of a comprehensive plan to address the development of affordable housing in the target area, as defined in the Agreement (Affordable Housing Plan). In November 2017, the Authority entered into another grant agreement with CCPPI for reimbursement of additional \$500,000 for eligible costs related to the design, engineering and pre-construction work relating to the operations hub (Phase III), as defined in the agreement. In April 2018, the Board approved to increase the grant proceeds for Phase III to \$1,000,000. As of June 30, 2020, the Authority has paid in full grant proceeds for Phase I, II and III.

Midtown Redevelopment Authority Notes to Financial Statements

Note 13: COMMITMENTS AND CONTINGENCIES (Continued)

In August 2018, the Authority entered into a Construction and Operations Agreement with CCPPI whereas the Authority is responsible for the planning, engineering, development, construction and commissioning of the Affordable Housing Operations Campus (Operations Center) which consists of a 5-story building (Operations Campus), a 20-unit multi-family affordable housing development (Housing Development) and a parking garage to be located in certain tracts of land owned by the Authority (reported as property held for development in the accompanying basic financial statements). CCPPI shall coordinate, implement and administer the Affordable Housing Plan, as defined in the Initiative Services Agreement. The term of this agreement shall commence in August 2018 and terminate after completion of construction of the Operations Center which is anticipated to occur in December 2020. The estimated costs of this project is \$28,500,000 and the Authority's commitment is 80% of the estimated project costs, or \$22,700,000. In May 2019, the Authority entered into an interlocal agreement with Old Spanish Trail/Alameda Corridors Redevelopment Authority (OSTAC) to obtain funding for the remaining 20% of the estimated project costs.

Upon completion of the project, it is anticipated that the Authority will enter into a lease agreement with CCPPI for the Operations Center, will convey the Housing Development to CCPPI and will convey the parking garage to OSTAC.

In July 2018, the Authority also entered into an Initiative Services Agreement with CCPPI for the coordination, implementation and administration of the Affordable Housing Plan. In consideration of the services to be performed by CCPPI, the Authority shall pay \$1,100,000 per year in equal monthly installments based on a mutually agreed upon annual budget reflecting the services to be rendered.

Note 14: SUBSEQUENT EVENTS

The continued spread of COVID-19 pandemic is affecting the United States economies. As a result, uncertainties have arisen that may have a significant negative impact on the operating activities and results of the Authority. The occurrence and extent of such an impact will depend on future developments, including (i) the duration and spread of the virus, (ii) government quarantine measures, (iii) voluntary and precautionary restrictions on travel or meetings, (iv) the effects on the financial markets, and (v) the effects on the economy overall, all of which are uncertain.
